WOMEN ENTREPRENEURSHIP OPPORTUNITIES AND CHALLENGES

26th August 2022

Women Development Cell and Department of Economics, SRR & CVR Government Degree College (Autonomous), Vijayawada, Andhra Pradesh, India, jointly organized an International Webinar on “WOMEN ENTREPRENEURSHIP OPPORTUNITIES AND CHALLENGES” on 26th August 2022 to commemorate International Women’s Equality Day. The keynote speakers for the event were Dr. Surekha Nelavala Ph.D, Visiting Professor/ Adjunct Faculty, California Lutheran University, USA and Dr. Trinadh Nookathoti Ph.D, Assistant Professor in Economics, School of Business Studies, Central University of Karnataka. It’s a platform committed to support women to use various digital solutions and create a positive & supportive ecosystem where women entrepreneurs can grow and succeed sustainably. The event endeavored to develop entrepreneurial mindset among women to set up their own enterprises. The event focused on the required skills and competencies of business among prospective and active women entrepreneurs. The event was well received and appreciated by over 500 viewers. Dr. K. Bhagya Lakshmi, Principal, SRR & CVR Government Degree College, delivered the Inaugural address. Mr. N.John Sukumar, In charge Department of Economics and Dr. B.Subha, Lecturer in Economics and Convenor Women Empowerment Cell were the coordinators of this webinar.

Women entrepreneurs means **the women or a group of women who initiate, organize, and operate a business enterprise**. A woman entrepreneur is therefore a confident, creative, and innovative woman. desiring economic independence individually and simultaneously creating employment. opportunities for others.

Challenges Faced by Women Entrepreneurs in India While Managing a Business

- Problem of Funding the Business
- Limited Access to Professional Networks
- Limited Industry Knowledge
- Lack of an Entrepreneurial Environment
- Pressure to Stick to Traditional Gender Roles
- Lack of Business Education
- Low Risk-Bearing Ability

Through the right practices of research and development, entrepreneurs bring innovation that opens the door of new ventures, markets, products, and technology. Entrepreneurs have a role to play in solving problems that existing products and technology have not yet solved.

About the Webinar:

Women's entrepreneurship is becoming a global phenomenon that is playing an important role in the business sector. Women in India have made a somewhat late debut into the commercial scene, owing to an orthodox and traditional socio-cultural setting. Entrepreneurs refer to the act of establishing a new business or altering an existing one in order to capitalize on new prospects.

Entrepreneurs thereby shape the economy by creating new wealth and jobs, in addition to innovating new products and services. With an increase in dependency on the service industry, many entrepreneurial opportunities, particularly for women, have been established where they can excel their skills while preserving a sense of balance in their lives.

However, in the era of globalization entrepreneurs particularly women have been facing challenges from many fronts. In this backdrop, the one-day International Webinar will address the opportunities and many challenges being faced by the women entrepreneurs.

- By creating jobs, fuelling innovation and furthering investment in health and education, entrepreneurship among women could transform India's economy and society
- Women's employment contributes to outsized social returns (**Positive externalities**) as women invest most of their income on children's health and education, benefitting future generations.
- 59% of women believe working for themselves reduces their dependence on a spouse or family, 46% view it as a means to break through.
- Encouraged in Beauty products, women-focused business schools, eco-friendly sanitary products and innovative kitchen products.

The objective of the programme :

With the increasing focus on innovation, research and cross-border collaborations the need for learning Intellectual Property Rights (IPRs) is the need of the hour to safeguard their inventions has increased among the students, staff and industrialists. IPRs have various verticals including patent, trademark, design and copyright, where some aspects are more spoken about in the academic community than other Experts It is believed that the foundational awareness regarding the rights of a creator needs to be developed in students from the school level. Students will grow on to get into the professional world where they will develop and exercise IP rights, hence it must be made as a part of the academic curriculum at school and university level with increasing sophistication in the pedagogical approach. With this view the Department of commerce planned to conduct a National Level Faculty Development Programme to all the students and Faculty of various institutions at National Level through online platform.

Abstract of the activity:

The importance of Awareness on Intellectual Property Rights in higher education has become the need of the hour. In view of this the Department of Commerce arranged a National Level FDP to all the faculty and students of various colleges in the state in association with IQAC cell of our Institution. The Principal Dr. K. Bhagya Lakshmi along with commerce faculty inaugurated a broacher related to the programme on 5-5-2022. Nearly 400 members have registered and participated in this programme. It is a One-day programme and two eminent speakers invited as Resource persons in the programme. The programme was started by welcoming and introducing Guests to the participants. The entire programme was coordinated by Dr. D. CH. Appa Rao garu,

Lecturer in Commerce. Programme was formally started by the opening remarks of the Principal Dr. K. Bhagya Lakshmi. She addressed the gathering and explained about the need of IPR. Followed by Dr. David Kumar Garu, Joint Director Commissionerate of Collegiate Education shared his views on the importance of IPR in higher education . Then Mrs. G. Karuna Sri, In- Charge OF Commerce Department addressed the participants on the objective of arranging this programme.

In the First Session Dr.K.Naveena , Lecturer in Commerce presented the Bio-data of the Resource person Prof. G.B. Reddy garu. He interacted with the participants on the topic and provided a lot of information regarding the IPRs act about its inception, amendments, how it is needed and important to the higher education

In the second session Mrs.T.Deepthi, Lecturer in Commerce Introduced the 2nd resource person Dr. M. N. Rao, He addressed the participants on practical orientation of IPRs, the procedure to apply for IPR and various rules to be followed regarding IPR etc.

The programme closing remarks were given by Mrs. K.S.G. Sucharitha, Lecturer in commerce. The Feedback is collected from the participants about the programme to know their response and plan accordingly for the upcoming events. All the participants were issued E-certificates.

Context of this Webinar :

Coming to the context and theme of this webinar, the theme is focussed on Proteomics and Agricultural Biotechnology. Globally currently with less availability of arable land, and water, Agricultural Produce is unable to meet the food demands of the growing population .

A viable solution to release this pressure and to close the wide gap between supply and demand , is to speed up the plant breeding process by employing biotechnology in breeding programs. Biotechnology provides the capabilities to breeders to achieve certain goals that would otherwise be impossible through conventional plant breeding approaches.

Currently Significant progress has been made in recent years in proteomics in comprehending different areas of agricultural sciences. Proteomics increases the functional diversity and complexity and plays an essential role in regulating numerous cellular and physiological processes. With the advanced proteomics technologies and tools, it has proven to be an indispensable tool with plant-pathogen interaction, metabolic regulation and stress responses. Nevertheless, proteomics has many challenges ahead.

Proteomic methods are important for understanding stress tolerance mechanisms in plants, because genomic sequence information alone does not reveal how a plant interacts with the environment. Therefore, proteomics, together with genome sequence data of major crops, especially rice, maize, and wheat, has emerged as a new paradigm to provide mechanistic understanding of various plant molecular processes.

With all the strong advanced proteomics techniques and bioinformatics tools, there has been significant improvement in plant proteomics studies in the past few years. This paradigm shift has increased the ability to recognise plant-pathogen interaction, disease resistance and stress responses. In response to environmental changes, proteomics plays an essential role in supporting numerous critical cellular and regulatory mechanisms in crops.

The integration of proteomics into the field of crop science in this post-genomic period will definitely enrich the efforts of genome annotation and promote the creation of crop models for the elucidation of gene functions affecting phenotypes for field crop performance.

Recent advances in plant proteomics , bioinformatics , availability of high-quality proteomics data and deep learning algorithms holds great promise in providing significant insights into the regulatory mechanisms such as response to abiotic stresses. Rapid progress in crop proteomics through new biotechnological methods , omics technologies also hopefully will help in increasing crop quality achieve food production targets by 2050 and ensure sustainable Agriculture

Webinar Report :

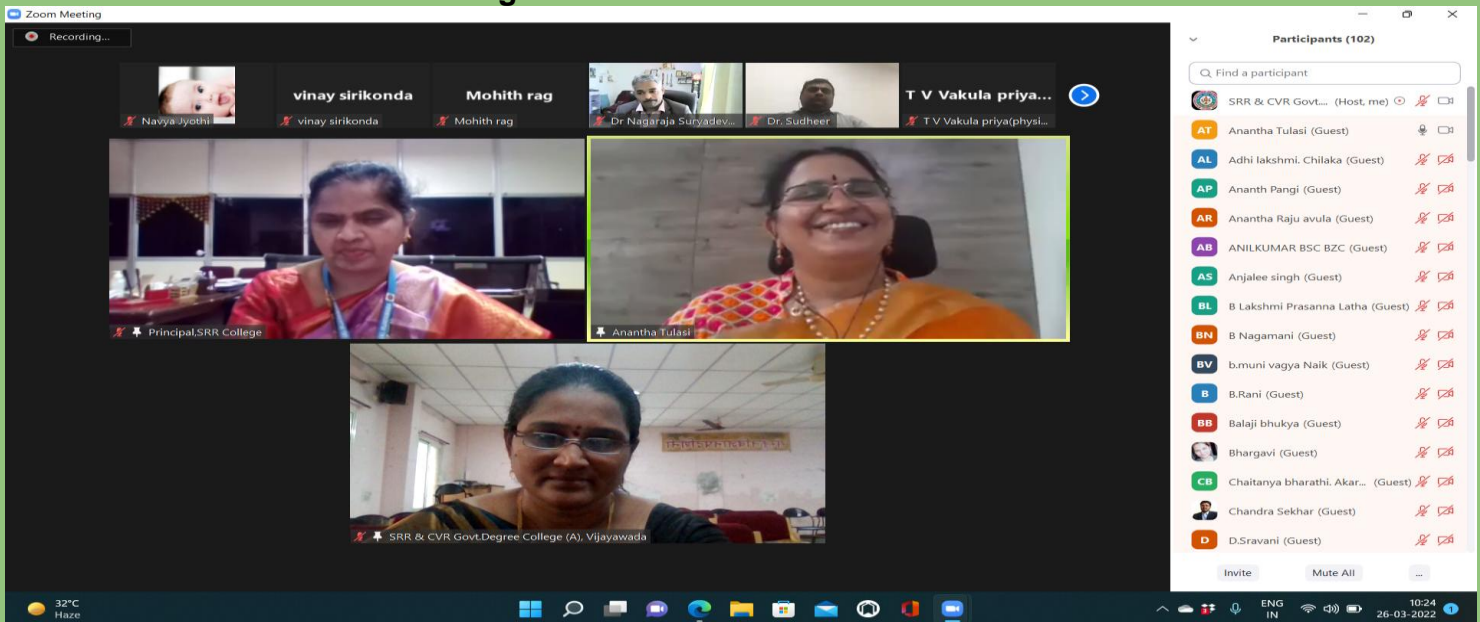

Webinar Flyer was released at 9.30 am on 26.3.2022 by Honorable Principal Madam Dr K.Bhagya Lakshmi Garu and Department of Botany and Students .

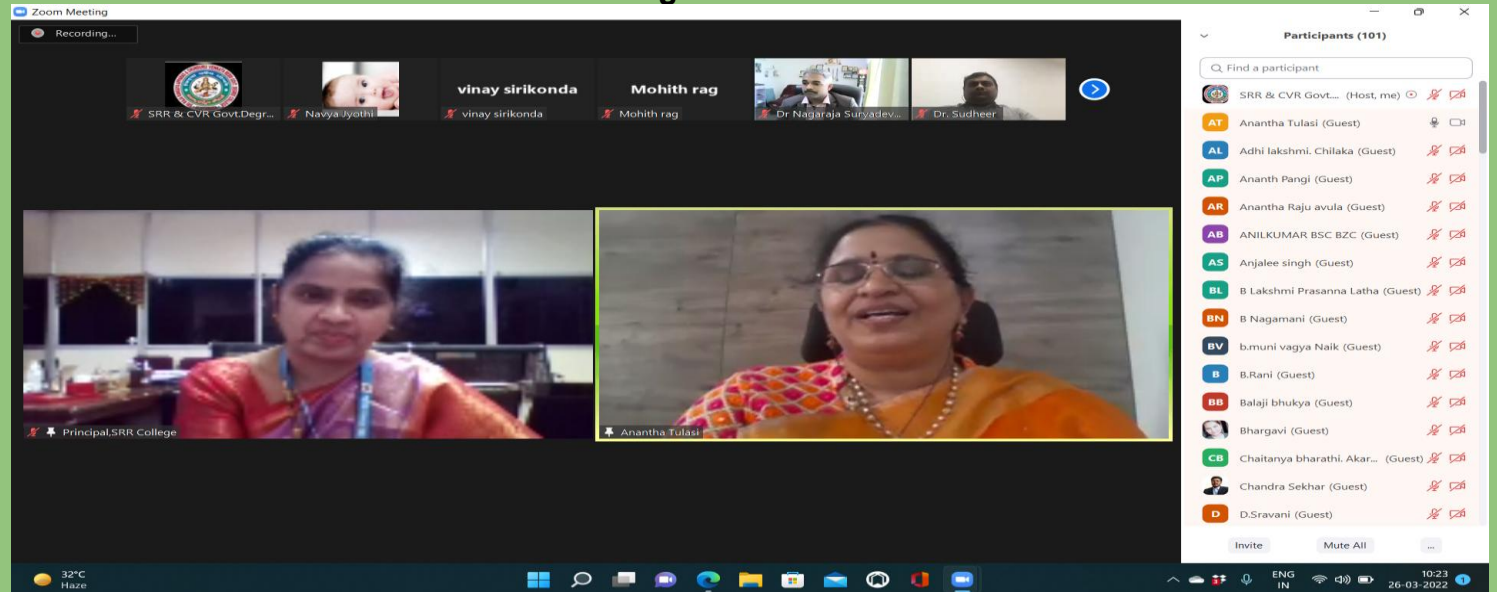

At 10.00 am this prestigious International Webinar was initiated with a warm Welcoming session by Mrs V.N. Padmavathi , Lecturer in Botany . Nearly 300 Participants throughout the world joined this webinar.

Later Keynote Address on this International Webinar was given by Ms G.Swapna , Incharge Department of Botany and welcomed Honorable Chairman Dr K.BhagyaLakshmi and Guest of Honor Dr K.Tulasi Mastanamma garu .

After the keynote address , Honorary Principal and Chairperson of this webinar Dr K. Bhagya

Lakshmi garu Addressed the participants about the context of this webinar and gave her valuable remarks about the context and significance of this webinar.

Later the Guest of Honor, Honorary AGO , CCE Govt of Andhra Pradesh Dr Tulasi Mastanamma garu conveyed her valuable message and congratulated the Department of Botany for Organizing this Webinar on Advanced Topics like Proteomics .

This webinar have eminent speakers like Dr Nagaraja Suryadevara sir from MAHSA university , Malaysia, Dr .D.V.N Sudheer sir from Gujarat Biotech University , Dr Sushma Chauhan madam from Amity university of Biotechnology , Chhattisgarh as Our Webinar Resource persons .

First Technical Session started by 10.45 Dr NagaRaja Suryadevara from MAHSA University , Malaysia delivered his presentation on nanotechnology and its Applications. Sir has explained about the Research going on in MAHSA University of Malaysia on nanotechnology and explained

about several applications of nanotechnology for sustainable Agriculture in recent era .

After the Interesting and Inspirational session , immediately there was a Question and answer session in which several Faculty and students interacted with Dr Suryadevara Nagaraja in which . Several Faculty and students interacted on his research work happening and applications.

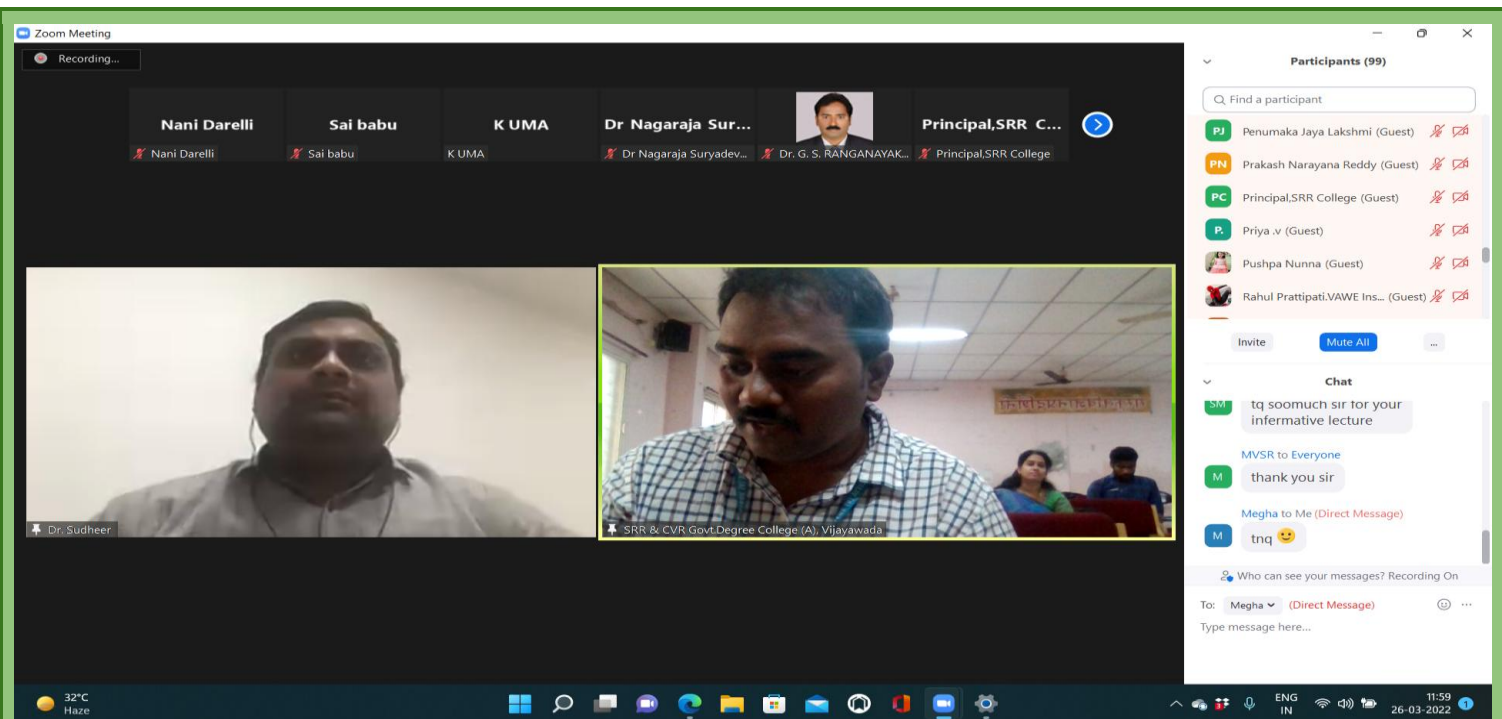

Later Dr Sushma Chauhan Introduction was given briefly by Mrs V.N.Padmavathi, Lecturer in Botany . Second Technical Session commenced by 11.55 by Dr Sushma Chauhan from Amity

University of Biotechnology , Chattisgarh. Madam spoke about “Circular Proteins : Classic Proteins with modern applications”.She has explained about the Research happening on Classic Proteins and their applications .

After a very informative second session ,there was a Question and answer session in which several Faculty and students interacted with Dr Sushma Garu .

After the Second Session , Dr CH. Srinivasa Reddy , Lecturer in Botany Introduced the third Resource person Dr D.V.N Sudheere Garu .

At 12.45 Third technical Session commenced by 12.45 by Dr D.V.N Sudheer Garu from Dept of Industrial Biotechnology , Gujarat Biotechnology University , Gujarath . Sir delivered his Presentation on “Lab to Industry: Advanced Biotechnology tools to assist Industry” . He has explained about the interrelationships among Research Lab and Industry . After a very interesting Third session , there was a Question and answer session in which several Faculty and students interacted with Dr D.V.N Sudheer Garu .

After all the technical Sessions Vote of thanks was Proposed by Mrs I. Prasanthi , Lecturer in Botany . Webinar ended at 2.00 pm.

The webinar was very much successful with the active participation of faculty and students from various parts of the world and the Informative and Inspirational Talks given by the Resource persons and by the support of Honorable Principal Madam and Department of Botany Faculty Members.

Respected Sir,

Sub: SRR & CVR Government Degree College (A), Vijayawada-
Department of Physics & Electronics- Work shop on Electrical
Appliances at your Institute- Permission-Request-Regarding.

I would like to request that to conduct a workshop on "Electrical Appliances" at your institute for the period of one week to our students. It would be very helpful for students to get hands-on experience for their skill development paper on "Electrical Appliances", which is introduced in 1st semester B.Sc course according to the norms of new NPE. The main focus of the workshop will be working and maintenance of Electrical Appliances.

At present 179 students are studying B.Sc Physics & Electronics course in our college. The duration of the workshop will be 10 to 12 PM for the period of 1 week at your convenient dates for 30 students per batch.

Hence, I request you to permit the students to get work experience at your institute as work shop.

Thanking you Sir,

Yours sincerely,

16-03-2022 10 - 1PM	2	Principles of working of Electric bulbs, CFL, LED lights, Testing Choke, Capacitor, Electric Cooker	
17-03-2022 10-12 PM & 3- 5 PM	3	Basic science of REFRIGERATION., Basics of air conditioning	
19-03-2022 10-12 PM & 3- 5 PM	4	electrical parts of air conditioner testing, function.electronic components.	

From All the sciences groups, MPCs, MECs, MPCA & MPC of I st semester total 66 had joined in this hands-on experience training Programme.

[Participated Students Details](#)

Instructors

Sri Kishore, Sri Anil from Electrical department faculty of Government ITI , Vijayawada & Sri Surya Prakash from Hitachi Company staff through APSSDC.

Lab Equipment : Ceiling Fan windings, stator, rotor; Electric bulbs, Choke, capacitor, electric Cooker, Mixie Grinder , series Bulb connection for testing, Air conditioning trainer by Hitachi available at Government ITI, Vijayawada. Electrical Department , Govt ITI Vijayawada is used as Training Room.

Learning Outcome

Students are aware how to test any electrical device like Bulb, grinder, choke coil, capacitor, electric cooker etc. How to check and repair any electrical device using safety measures. They got the knowledge of the mechanism how refrigerants cools the environment etc.

Write-up on Online National Level Seminar on Awareness Program on IPRs under NIPAM organized by Department of Commerce

Department of Commerce organized a National Level Faculty Development Program on Intellectual Property Rights under NIPAM on 28/02/2022 during 2:00 to 3:30 PM in online mode. The main Objectives of the program are to spread awareness on Intellectual Property (IP) so that a more conducive environment of innovation and creativity is established in the country. & to ignite and inspire students, faculty members to innovate and protect their creations.

Shri Veera Raghavulu Kattula, examiner of Patents & Design, Chennai Division, Intellectual Office, Chennai was the resource Person, He explain about various types of IPRs. Intellectual Property Rights (IPR) are exclusive rights granted in the form of Patents, Designs, Trademarks, and Geographical Indications. and its usage with power point presentation in though online. He was also explain Invention Cycle, Definition of Intellectual Property (IP), Case studies and Significance, Difference between common man and business man, Types of IP with Examples, Different IP in a single product, Whom to approach for protection of IP in India etc.

Benefits of the program for students and faculty;

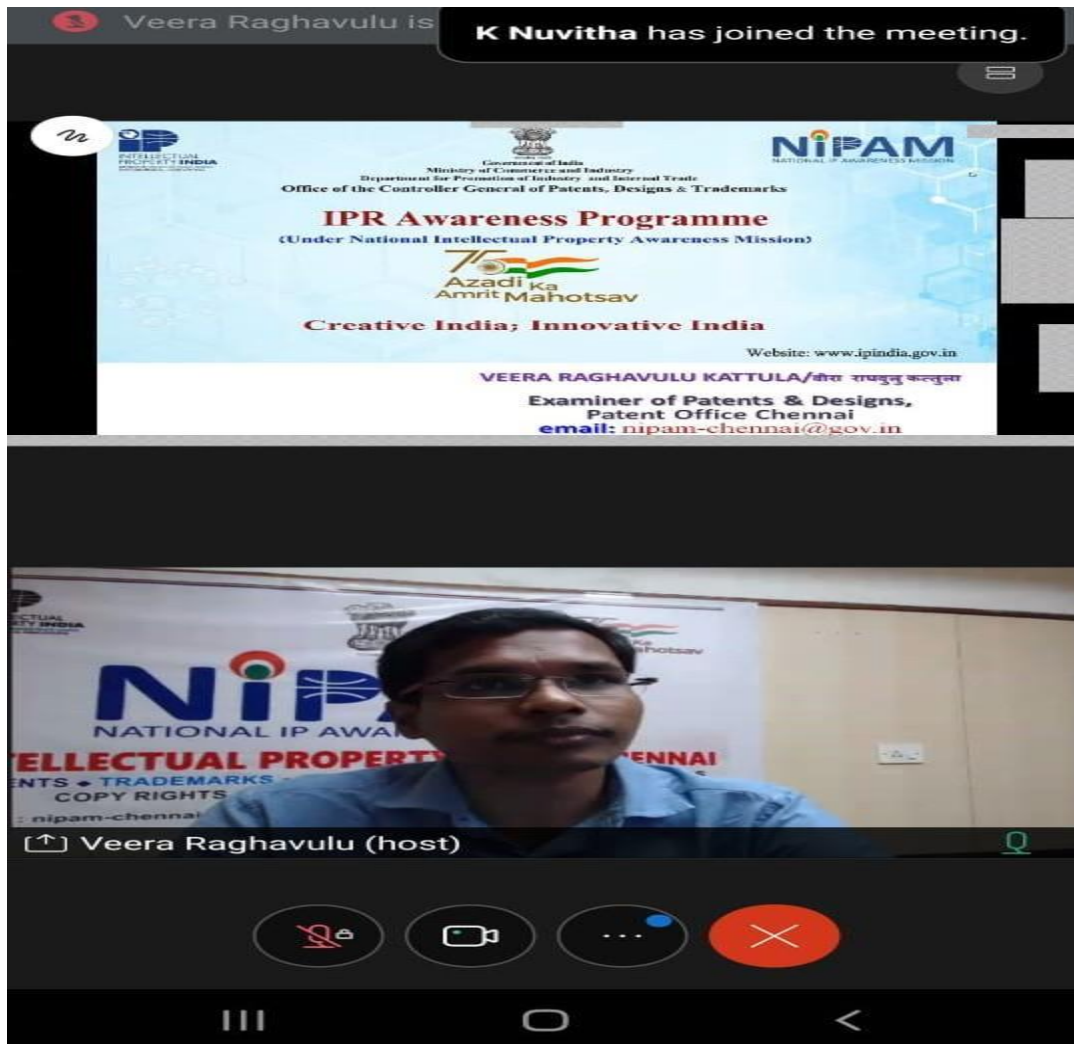

- Awareness on Intellectual Property (IP)
- Innovate and protect their creations like projects etc.
- Participate in Science / Project exhibitions etc.

- Due recognition, awards / rewards
- File - Patents, Designs, Copyright etc.
- Increase the value of college/ faculty members / students
- Earn money as royalty, incentives etc. through technology transfer, licensing etc.

We received total 823 registrations from various corners of our country. Out which 532 registrations from our college (463 from students & 69 from Faculty Members) and 277 from other college (83 from students & 208 from Faculty Members).

We received registrations from Karnataka, Tamilnadu, Telangana, Maharashtra, Chhattisgarh, Punjab, Uttar Pradesh, Jammu and Kashmir, Haryana, Kerala, Delhi, Pundichery, Manipur, Assam, Gujarat, Madhya Pradesh, Bihar states.

In this way **Shri Veera Raghavulu Kattula** had given valuable knowledge about Intellectual Property to the needy people

International Virtual Talk on: "rDNA technology and Fermentation in Industry: An Integrated Approach in Science and Technology for sustainable future"

Respected Dignitaries, dear colleagues, faculty from various colleges and my dear students good morning to you all and a warm welcome to International Talk on: **"rDNA technology and Fermentation in Industry: An Integrated Approach in Science and Technology for sustainable future"** on the occasion of National Science Day.

It is my pleasure and privilege to convene this programme and i take the opportunity and present before you the significance of rDNA technology and its role in changing the national and global innovation landscape.

Recombinant DNA technology is playing a vital role in developing new vaccines and pharmaceuticals. It offered new opportunities for innovations to produce a wide range of therapeutic products.

As we all know; Human life is greatly affected by three factors: deficiency of food, health problems, and environmental issues. Food and health are basic human requirements beside a clean and safe environment. With increasing world's population at a greater rate, human requirements for food are rapidly increasing.

Rapid increase in industrialization has soared up the environmental pollution and industrial wastes are directly allowed to mix with water, which has affected aquatic marines and, indirectly, human-beings. Therefore, these issues urge to be addressed through modern technologies for sustainable development.

We know that one of the core values of NAAC is Research, Innovation and Extension, pointing to create awareness on IPR and patenting the developed technologies and to promote the research. As teachers of Degree Colleges we need to inculcate the research and to stimulate the innovative entrepreneurship among the youth that will help the society as a whole.

I promise that this International talk will provide some take-aways for all the participants.

International Virtual Talk on: “rDNA technology and Fermentation in Industry: An Integrated Approach in Science and Technology for sustainable future”

Welcome Address: Dr. K. Aruna, Lecturer in Microbiology

Good morning all the Dignitaries, Eminent Academicians, Senior Faculty Members, Special Invitees, Scholars, Dear students and everyone.

I am Dr. Kopuri Aruna, Lecturer in Microbiology, SRR & CVR Government Degree College (Autonomous), Vijayawada, Andhra Pradesh, India.

It gives me immense pleasure, to extend warm welcome to you all, who joined this International Talk on “recombinant DNA technology and Fermentation in Industry: An Integrated Approach in Science and Technology for sustainable future” over Zoom **on the occasion of National Science Day 2022.**

I am happy to inform that, The Department of Microbiology was established in the academic year 1998-99 when restructured courses were first introduced in selected government colleges.

The Department of Microbiology is offering 2 Under Graduate programmes, is manned by 2 well qualified academicians. Microbiology with allied subjects Biochemistry, Food technology and Chemistry has sanctioned strength of 30 students.

The Department has acquired sufficient laboratory equipment for conducting practicals. The equipment, Infrastructure are being utilized to train and involve students in Research and development technology in Microbiology.

Academic review meetings are conducted regularly with the academic board.

Apart from the regular teaching; the department is also planned Invited lectures, Guest lectures seminars, field trips and so on....

At the outset, on behalf of the department of Microbiology, SRR & CVR Government Degree College (Autonomous), Vijayawada, and also on behalf of all the participants . . .

1. we extend hearty welcome to the Chairperson of today's International Talk, Dr. Bhagya Lakshmi Kodali, Principal, SRR & CVR Govt. Degree College (Autonomous), Vijayawada, the driving force behind this International Talk becoming a reality. Thank you mam for your constant support and encouragement and a Warm Welcome Madam.

2. Now, I take this opportunity to extend a hearty welcome to our much Acclaimed and Esteemed Resource Person and Speaker of today's International Talk,. Mr. M. V.S.K. Mohan, Head of the Department, Human Insulin API Production, Julphar, United Arab Emirates. Hearty welcome Sir

3. Now, we extend warm welcome to Convener of the Programme Dr. Jyothi. D, **In-charge**, Dept of Microbiology. Welcome mam

The theme of today's International Talk, on the occasion of National Science Day 2022 is very much relevant to the contemporary times, to the members of the Faculty, Research Scholars and Students.

We want to provide a real platform for budding scientists to make their career and profession in science," Surely this programme will encourage talented young minds and take part in theme-based projects.

The Department of Microbiology is committed to Teaching along with fostering research environment in the campus. Even though the department happens to be the youngest in the college, we are striving our best to make our presence felt and this is a small step towards reaching greater heights.

I hope this International Talk will be beneficial for the participants to know more about Commercialization of technologies, Technology transfer procedures, Start-up and Entrepreneurships.

National Webinar

The Department of Physics & Electronics, SRR& CVR Government degree college(A), Vijayawada has organized a webinar on “LUMINESCENT NANO MATERIALS FOR FORENSIC & SECURITY APPLICATIONS” on 25 th FEB 2022 between 11AM to 1:30 PM, through the ZOOM meeting platform.

Nano materials emit radiations in visible, UV, IR region are explored by Forensic science. It infers many biological evidences in crime investigations. So the Department of Physics & Electronics planned a webinar with the permission of honourable Principal Dr. K. Bhagyalakshmi. The designed brochure is shared in whatsapp group with the Registration link to register for this webinar. A huge response from participants a total of 485 participated for this national webinar. A whatsapp group is created to pass information regarding the webinar to participants.

VIJAYAWADA**

The SRR & CVR Govt. Degree College is a premier Institute of the region. SRR & CVR was established in the year 1937 by Sri Raja Rangayya Apparao. SRR & CVR is functioning under the aegis by the Commissionerate of collegiate Education, Government of Andhra Pradesh. The campus is located at Vijayawada approximately 6 km from bus stand, Railway Station. The city of Vijayawada is well connected by road ways, rail ways and air ways with various parts of the country.

SRR & CVR College offers under Graduate and Post Graduate courses. This is a co-educational institution with 28 undergraduate and 11 post graduate academic programmes and with 80 regular faculty members including principal, 3 contract faculty more than 40 guest faculty and 51 non-teaching staff.

DEPARTMENT OF PHYSICS & ELECTRONICS
Year of Establishment: 1952

VISION

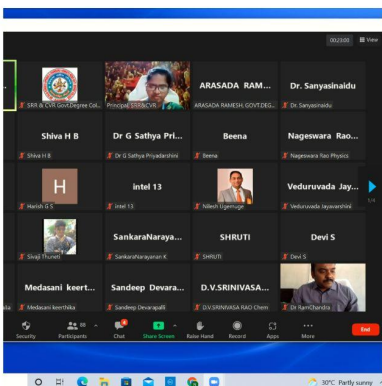

To be a Physics education Centre of excellence, promote and disseminate knowledge and meet the personal development agenda of the students and staff.

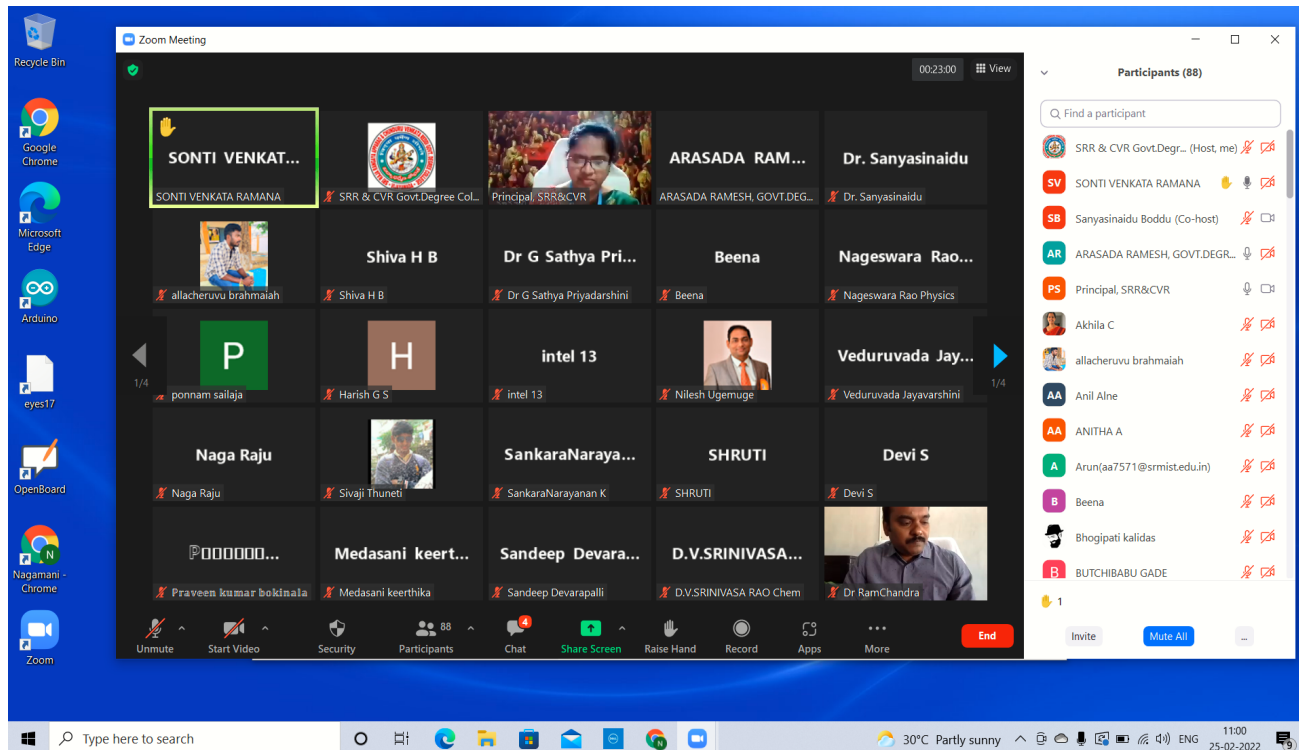

MISSION

The goal of the Physics Department is to become an organization that is proactive in expanding and developing knowledge through teaching as well as basic and applied research. The Physics Department aims to produce graduates who are competent in the disciplines of Physics, Competitive and Innovative environment and persons with Ethical values. Our students in turn will be equipped to provide expert services to the country and internationally.

Lectures by Dr. Ramachandra Rao, Principal , GDC, Chodavaram and Dr. Sanyasi Nadiu Boddu, **Scientist -D, Institute of nano science & Technology, Mohali, Punjab** are arranged to get wide exposure on utilities of the nanomaterials fluorescent properties..

Dr. K. Sujatha, Associate Professor of Physics & Electronics , organizing Secretary, delivered the welcome address. Dr K. Bhagya Lakshmi , Principal chaired the webinar. Smt P. Sailaja, Associate Professor and Head, Department of Physics& Electronics gave a brief description of activities of Physics Department.

Dr. J.Nageswararao , Assistant Professor introduced the resource person Scientist - D, Mohali, Dr. Sanyasi Naidu Boddu.

Dr. Sanyasi Naidu Boddu explained about the preparation and importance of Nano Materials. The application of nano materials & Technology is explicated in finger print Technology , Forensic and security departments for investigation.

The Queries posted by participants is well answered by Resource persons and participants updated their knowledge.

A good response is received from the audience and they gave very good feedback. The resource person thanked the organizers for arranging the live webinar. At the end of the webinar Smt. V. UmaLakshmi , Assistant Professor delivered the vote of thanks. She thanked on behalf of PHYSICS & ELECTRONICS DEPARTMENT, SRR& CVR GDC(A), Vijayawada to the Honourable Commissioner Dr. Pola Bhaskar, IAS, Joint Director Dr David Kumar , SRR & CVR GDC, Principal Dr. K. Bhagya lakshmi , resource persons, Faculty members, participants and the students for their active support for making the programme successful.

---	--	---

Departments of Economics, Political Science & Public Administration of SRR & CVR Government College (A), Vijayawada has organized **One day National webinar Pandemic and Disability: Challenges Ahead** through **ZOOM APP** on 29th May, 2020.

Relevance of the webinar: On 30 January 2020, Director-General WHO declared that the outbreak of novel corona virus (2019-nCoV) constitutes a Public Health Emergency of

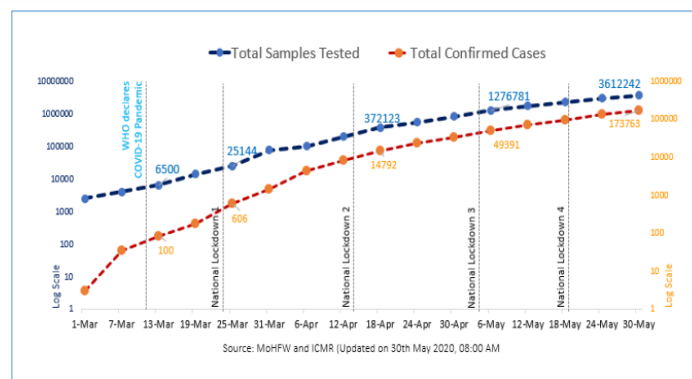

International Concern (PHEIC) as per the advice of International Health Regulations (IHR) Emergency Committee.

- As on 31st January 2020, a total of 9720 confirmed cases and 213 deaths have been reported in China. The epicenter of the outbreak was initially in Wuhan City, Hubei province but has rapidly extended to all other provinces of China.
- Outside of China, 19 countries have reported a total of 106 confirmed cases, most with travel history from China. On 30 January 2020, a laboratory confirmed case of 2019-nCoV was reported in Kerala. The patient, a student returned from Wuhan City, Hubei province of China.

Government of India issues Orders prescribing lockdown for containment of COVID-19 Epidemic in the country:

The COVID-19 epidemic has affected many countries and the World Health Organization has declared it 'Pandemic'. Government of India (GOI) has been taking several proactive preventive and mitigating measures starting with progressive tightening of international travel, issue of advisories for the members of the public, setting up quarantine facilities, contact tracing of persons infected by the virus and various social distancing measures. Several advisories have been issued to States and Union Territories (UTs) for taking necessary measures to contain the spread of this virus. Government has temporarily suspended metro and rail services as well as domestic air traffic.

Prime Minister Narendra Modi, in exercise of the powers under section 6(2)(i) of the Disaster Management Act, 2005, issued an order for State/UTs prescribing lockdown for containment of COVID-19 epidemic in the country for a period of 21 days with effect from 25 March, 2020. As on 24 May 2020, there were 73,560 Active Cases, 54,440 Cured/ Discharged, 1 Migrated and 3,867 Deaths in India.

In this programme Dr.V.Joshi, Principal of this College acted as a President, Sri M. Padmanabham Lecturer in Public Administration (H.O.D) Dr. DSVS Balasubramanyam , Lecturer in Political Science (H.O.D) and Sri John Sukumar , Lecturer in Economics (H.O.D) acted as Conveners and 350 members (faculty members and students) are participated in this one day national webinar across the nation.Sri Sri M. Padmanabham Lecturer in Public Administration (H.O.D) explained about the current pandemic situation and relevance of the webinar to the participants. Dr. DSVS Balasubramanyam , Lecturer in Political Science (H.O.D) was introduced the speakers to the stakeholders of this programme.

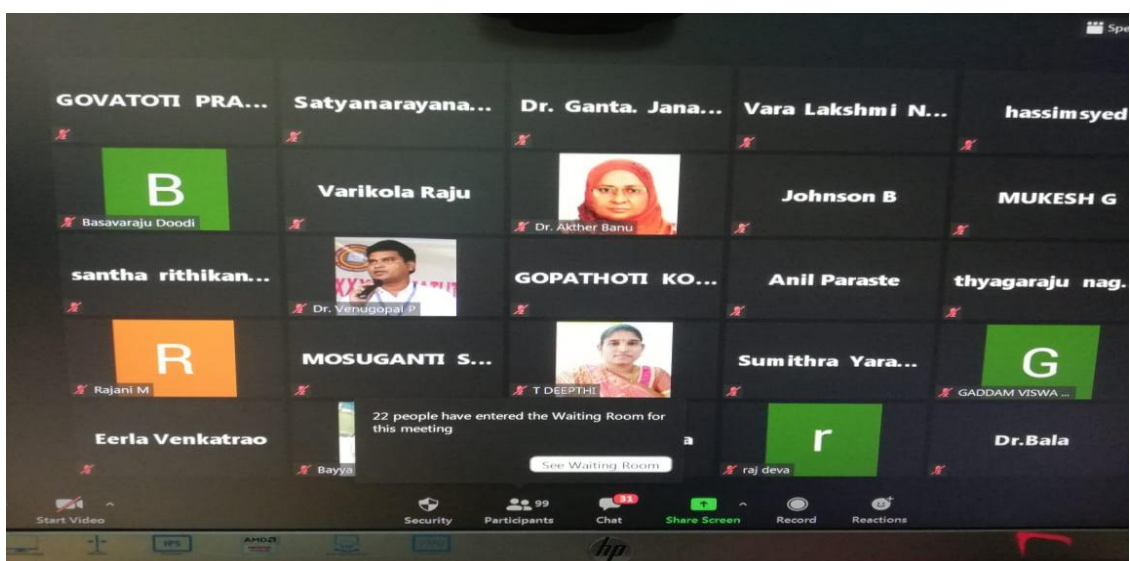

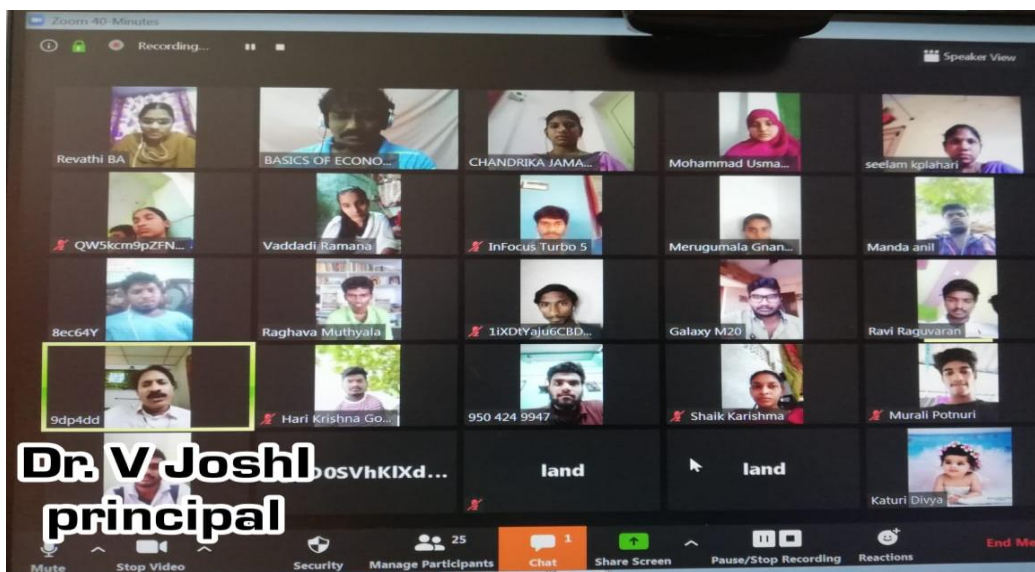

The President of the programme has said in his opening remarks, the pandemic has affected every aspect of human life. Apart from individual's psychological and mental health issues, the concern regarding mobility, access and communication with high risk infection is a difficult situation. People with disability are more likely exposed to infections. The new changes in our social lifestyle (social distancing, limiting touch) can very much impact the day today life of people with disability.

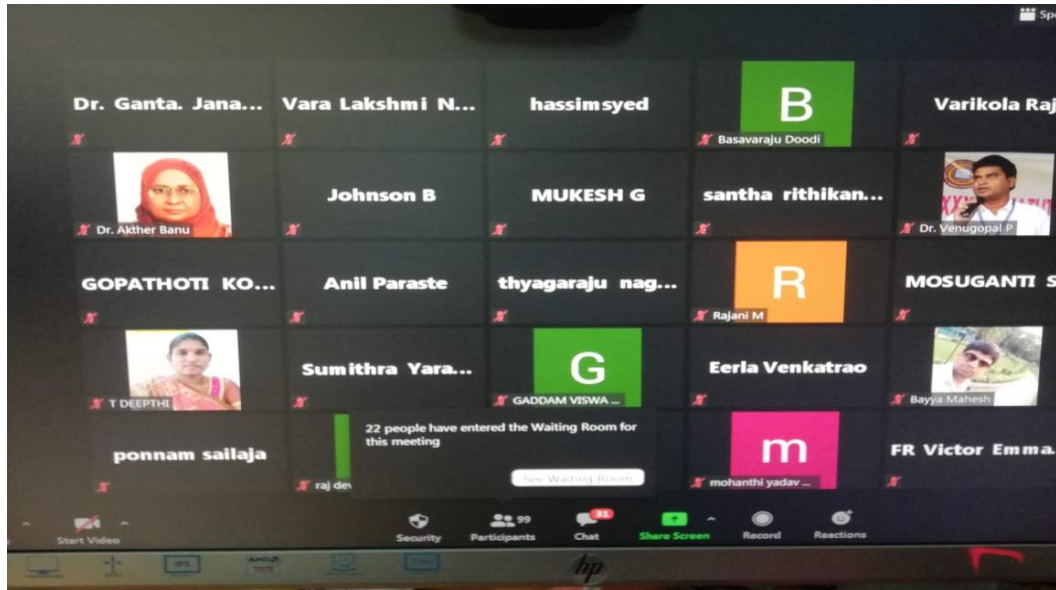

About the Speaker: Shri Prasanna Kumar Pincha worked as the Chief Commissioner for Persons with Disabilities for tenure of three years i.e from 28th December, 2011 to 27th December, 2014. A Disability Rights Activist of caliber that he happens to be, Shri Pincha is blind since his birth. Shri Pincha is a former Founder Principal of the Government Institute for the Blind in Jorhat, Assam where he had rendered honorary services for sometime before the said Institution was taken over by the Govt. He was also associated with the National Human Rights Commission as its Special Rapporteur (Persons with Disabilities) prior to assumption of charge by him as the Chief Commissioner for Persons with Disabilities.

The world as we knew and are living in has been redefined in a lot of ways since the crisis of CoVID-19. Sudden announcements of lockdown and containment zones, social distancing, shift to "stay at home", dependency on virtual mediums, and wearing face masks are the "new normal", which has changed the life for most of us but those who were already vulnerable, are significantly impacted. As we see the physical world shifting and adapting to the COVID 19 pandemic, it is important that we not only remember the value of social relationships and interactions, but also be cognizant to the additional challenges faced by vulnerable population including persons with disabilities, elderly, and children. While Persons with Disabilities constitute a significant number of 2.68 crores (Census of India, 2011), it is imperative to address the issues and concerns of the persons with disabilities and initiate a dialog of its inclusion into the city's immediate response system. *The webinar aimed to captured the expectations, experiences & concerns of persons with disabilities in*

aspects including mapping the barriers faced by Persons with Disability, access and availability of essential services, health care systems, information & public services, rising mental health concerns, among many others.

Mr. N. Annavaram acted as moderated during the webinar. He was faculty in the department of Sociology, Central University of Hyderabad. In this webinar created awareness of covid 19 and difficulties of disabled person's especially current pandemic situations. Overall 350 participated were registered for this national webinar cross the nation. Formal vote of thank by convener sri John Sukumar.

Objectives: 1.To train the members of the faculty of SRR and CVR GDC(A), Vijayawada, on the topic “**Adapting to New Age Teaching Techniques**”

2. To impart training in the specialized techniques that are suitable for the the new-age in teaching and learning process

3. to emphasize the teaching skills in this training program, that are fit enough to the fast growing business and technical needs of employment.

4. To train the members of staff to get equipped of the blended mode of teaching methods during the Covid Pandemic affected situation.

Hence the training has been imparted to the members of the Staff successfully during the FDP.

Internal Quality Assurance Cell:

The Internal Quality Assurance Cell of the college in association with the department of English conducted a 3-day FDP program on “New Age techniques in Teaching and Learning’ from 20-10-2020 to 22-10-2020. The program was inaugurated by Dr. Tulasi Mastannamma Academic Guidance Officer, Office of the Commissionerate of Collegiate Education and the principal Dr Illa Ravi. The program was coordinated by Dr M Syam Babu, IQAC Coordinator, Smt K.L.C. Devi, Academic Coordinator, Smt. Rosalind, JKC Coordinator. All the members of the faculty got trained with the active involvement by using their laptops and mobiles.

Resource Persons:

1. Dr.M Syam Babu, Department of commerce, S.R.R and C.V.R Government Degree College (A), Vijayawada
2. Dr. Rajasekhar GDC Ananthapur
3. Dr. kavitha, GDC (A) , Repalle, (District :Guntur)
4. Dr K.Srinivasa Rao, GDC, Ravulapalem (District : East Godavari)

Back ground of the FDP: It is well known that getting adapted to new-age technology is very important, as companies use technologies that are well advanced. Henceforth the fresh U.G graduates and Post Graduates who look for jobs need to learn more about the rapidly growing technology.

Moreover, the companies prefer candidates who are quick enough to learn new technologies and adapt to a fast-growing business environment.

According to the research findings e-commerce companies and start ups have started to hire a good number of candidates for jobs. Companies require candidates with suitable qualifications with technical skills for creating jobs in fast growing business environment .

Presentations of the Resource Persons

1. Dr. Syam babu has given detailed Hands-on Training on the Usage of Moodle Platform for Teaching and Evaluation.
2. Dr. Kavitha has given detailed training on the Usage of Google Classroom, and Google meet.
3. Dr. Rajasekhar has trained the faculty on new age teaching methodologies.
4. Dr.K. Srinivasa Rao has discussed different platforms for evaluation and NAAC related documentation.

Outcomes: 1.The faculty members have been well trained of various digital platforms available with their usage to adopt the blended mode of teaching and learning in the background of covid affected pandemic situations.

2. The FDP through its training imparted the special techniques that are suitable for the new-age in teaching and learning process .

3. The FDP emphasized the teaching skills with suitable techniques during this training program, to meet the challenges of the fast growing business, technical and employment needs .

DEPARTMENT OF POLITICAL SCIENCE & PUBLIC ADMINISTRATION

WORKSHOP ON AWARENESS OF RTI ACT 2005

6th March 2021

The Department of Political Science & Public Administration conducted one day workshop to create awareness on the Right To Information Act 2005 (RTI 2005) and changes brought recently. The council for citizen's rights, civil and human rights protection Non-Government Organisation has also participated to air their views and issues.

The AP Chief Information Officer Rtd. Sri Ramesh Kumar IAS and AP Information Officer Sri Srinivasu attended the workshop and addressed the RTI activists of 13 districts across Andhra Pradesh. Activists of 126 from 13 districts participated enthusiastically and expressed their own experiences. Dr.Illa Ravi, principal of the college spoke on the awareness and importance campaign on the Right to Information.

Dr.DSVS.Balasubrahmanyam, Associate Professor of the Political science department welcomed the dignitaries and spoke about the importance of the RTI Act with examples of his own experience. The Right to Information Act, simply known as RTI, is a revolutionary act that aims to promote transparency in government institutions in India. The Act came into existence in 2005, after sustained efforts of anti-corruption activists. RTI or Right to Information Act is a fundamental right and is an aspect of Article 19 (1)(a) of the Indian Constitution.

Right to Information replaced the Freedom of Information Act, 2002. Grounds for Rejection of RTI There are only three possible grounds on which information can be denied: The organisation is not a Public authority - eg. a Cooperative Society, or a Private corporate or Institution, not substantially financed or controlled by the Government.

The AP Chief Information Officer Rtd. Sri Ramesh Kumar IAS addressed the workshop. He informed the various provisions and sections of RTI Act sub-section (1) of section 4, sub-sections (1) and (2) of section 5, sections 12, 13, 15,16, 24, 27 and 28 shall come into force at once, and the remaining provisions of this Act shall come into force on the one hundred and twentieth day of its enactment. Issue of Enforceability as he said the Act does not give adequate authority to the Information Commissions to enforce their decisions. Information commissions can give directions to public authorities to take the steps necessary to comply with the Act but are not empowered to take any action if such directions are ignored. Situations for filing First Appeals and prescribed Time Limits. 1. PIO did not respond within 30 days from receipt of RTI Application in his office. After 30 (+7 days for postal transit time) but within 60 days from the date of receipt of RTI Application at PIO's Office. You may only ask for specific information under the RTI Act, 2005 rather than questioning the action of public authority. ' The RTI act does not state that queries must not be answered, nor does it stipulate that prefixes such as 'why, what, when and whether' cannot be used.

The RTI act influence on people and impact on Indian Administration in greater Transparency in functioning of public authorities: disclosure of information regarding government rules, regulations and decisions, every public authority is mandated to 'maintain all records duly catalogued and indexed. "Improving Transparency and Accountability in Government through effective implementation of Right to Information

It was published in the paper that the CIO stressed that the RTI Act was promulgated in October 2005 to ensure transparency and good governance in the country. Based on content analysis and depth interviews with a few bureaucrats and activists, the paper indicates that RTI Act has succeeded in reducing information asymmetries and exposing corruption. In the last 15 years, at least 86 people who had filed RTI applications have been killed while 175 others have been attacked. At least seven applicants committed suicide while 184 applicants reported being harassed.

DEPARTMENT OF COMMERCE AND MANAGEMENT

Two-Day UGC Sponsored Student Centric National Level Seminar

ON

MARKETING TRENDS IN THE VIRTUAL ERA

On the 23rd and 24th of January 2018, the Department of Commerce and Management organised a two-day UGC-sponsored student-centric national seminar on marketing trends in the digital era in anticipation of the introduction of the new CBCS pattern marketing Course paper at the Graduate Level.

Need of Seminar: Nowadays, the market is very much demanding and we often come across the issue regarding the level of higher education not meeting the industry expectation. To bridge this gap and equip the students of the current generation with new-age technologies, seminars play an imperative role. Ensuring a proper flow of knowledge Seminars assists in passionate interaction and active participation boosting the skills and expertise of students.

The main goal of seminars is to bring together like-minded intellectuals and specialists to exchange ideas, opinions, and views related to a certain subject area. Typically, seminars are scheduled for one or more days.

Importance for the study of Marketing trends in the virtual era:

Virtual marketing, commonly referred to as digital marketing, describes promotional activities conducted online. Online technologies, platforms, and data are used by marketers to forge business connections, entice new business prospects, and establish a brand identity. The percentage of people who regularly use the internet is greater than 50%. Think about According to Google Marketing Insights, 48% of consumers use search engines to look for a good or service, 33% go to brand websites, and 26%

utilise mobile apps. These figures support the notion that marketers engage their audience through virtual marketing.

With more than half of the world's population active on the world wide web, it is wise to reach them where they are. Virtual marketing has become important for businesses across all verticals today because it connects them with their audience online. It links businesses with their prospective customers when they're on social media through social media marketing, on Google through SEO and PPC, on email through email marketing, and so on.

On January 23 and 24, 2018, the Department of Commerce and Administration planned and hosted a two-day national seminar on "Marketing Trends in the Virtual Era," which was funded by the UGC. The need for seminars and the importance of researching marketing trends in the digital era led to this action. Since students are the focus of this programme, many of them present papers in the seminar alongside academics from various universities. Dr. Velaga Joshi, the college's principal, serves as the program's chairman. Mr. Sk. Nanne Subhani, who oversees the department of commerce, serves as the program's convenor, and Dr. M. Syababu, a lecturer in commerce, serves as the event's organising secretary.

A Brief note on the Programme: The entire Seminar programme is Scheduled for TWO days. On 1st day the Inaugural session and technical sessions are planned and on the next day paper presentations by various participants are scheduled.

On the 1st Day i.e. on 23rd January 2018, the programme starts with the Inaugural session. As the programme was student-centric Students are engaged in the entire programme . The Students Of M.Com Course Mis. Ramya and Mr Bharath welcome the Guests to the Dias. For the Inaugural session. The programme started with the lightening of the Lamp by the Guests and the prayer song by the Students. Following that, Dr. Valaga Joshi, the college's principal and the seminar's chair, makes some

opening remarks. And Dr. R. Shivaram Prasad, Head of the Department of Commerce and Management, Acharya Nagarjuna University, delivers the keynote address. The inaugural session was concluded with a vote of thanks delivered by Dr. M. Syam Babu, the seminar's organising secretary.

SELF EMPLOYMENT - BUSINESS IDEAS - TRADE FAIRS

**SRR & CVR GOVERNMENT DEGREE COLLEGE (A),
VIJAYAWADA, Krishna Dt, AP**

Objectives:

The 10-5 schedule may not suit everybody. Many of us must have thought of being self-employed at one point in life. Starting our own business is not easy. It has its pros and cons. However, the pros outweigh the cons when we have a great idea and are willing to work hard for it. It can be a very rewarding experience to be self-employed. All of us must know our strengths and be aware of our weaknesses. The aim is to

1. Enhance their interest, understanding relevance and need to take up Self – employment or Entrepreneurship as a Career
2. Emphasis on differentiating between Wage employment, Self-employment, and Entrepreneurship
3. Developing trade practices in the direction of sustainability and social and environmental cost accountability.

The Context:

Self-employment is concerned with the way in which people create and implement new ideas and methods to produce goods and services. The terms “self-employed”, “entrepreneur”, “business owner” identify anyone who creates his/her own earnings in the form of a business, contract, or freelance activity. A self-employed person is someone who has a job or activity alone or with a small group of people, with or without paid employees.

This program encourages students on different kinds of self-employment ideas that can help people to make money on their own. People might have a job, even though they don't have to give up their job suddenly. They can start a small business, once they think that their business is flourishing, they can take it to the next level.

Being self-employed can make them feel great about themselves.

- 1.They may be potential to make lumpsum amount of money
- 2.They may provide employment to others

3.They will get the benefits of tax deductions

Fair Trade is not just a simple commercial relationship but one of partnership founded on equality and respect between the producers of Fair-Trade shops, labelling organizations and consumers. The relationship goes beyond economy. By means of Fair Trade, the committed consumer acquires not only products, but also long-term relations with their producers. This "humanization" of the trade process is a demand shared not only by producers, but also by consumers from the North, a part of which wants more and more to be informed about the origin and social, ethical, and environmental content of the products on offer. In its understanding of sustainable development moreover, Fair Trade naturally includes satisfying the basic needs of producers.

Fair Trade can be defined by four basic conditions or criteria:

- Having a direct relation between producers and consumers, avoiding as much as possible intermediaries and speculators.
- Fair pricing that allows the producer and their family to lead a dignified life.
- "Everyone should be able to live from their work in a dignified way."
- In cases where producers are salaried, respecting working conditions that conform to the minimum international standards recommended either by the International Labour Organisation or the country itself, whichever are the greater, respecting the right to Union representation and prohibiting forced labour.
- The authorization of partial financing before the harvest (in the Fair-Trade movement, the minimum rate is 60%) if the producers so demand.
- The establishment of long-term contracts and relations, based on mutual respect and the respect of ethical values. The aim of these relations is not only a fair price but also sustainable development for groups of producers or wage earners.
- In some cases, Fair Trade organizations have also set up "Progress" criteria as well as minimum criteria.

The Practice

Generally, people tended to be disinterested in self-employment either because they felt that they couldn't start a business due to lack of investment, or because they felt that the ideas were

impossible to implement.

A workshop on Hand made Ornaments, training for the students by students organized for six days from 29-01-2018 up to 3-02-2018 by Women empowerment cell. It is a program by the students, to the students. It is aimed at self-employability of girl's students and personal grooming to enhance their fashion sense. 28 students were trained at that time.

Women empowerment cell initiated a training programme on handmade ornaments on 8.2.2022 to encourage students to learn how to make hand made products to get self employment in the future. Nearly 20 students were trained till now and it is a continuous programme. And also providing platform to discuss few ideas relating to self employment, challenges and solutions to start small industries. Students were enthusiastically participated in this training programme organized by the women empowerment cell.

A program "Presentation of proposals to start women self-employment" was conducted for students in our college on 7.3.2022 by Women empowerment cell. It is a program to encourage students to establish self-employment or enterprises without investment (money) or with a little amount of investment. For this program 9 proposals were presented. Out of nine, one best proposal which is very much useful to women to start self-employment without investment has got 1st Cash Prize.

The women empowerment cell is resolved to conduct such type of programmes regularly to encourage students to start business by their own through these business ideas and to become self-sufficient. Through this the women might empower in socially and financially.

Fair Trade can be defined by four basic conditions or criteria:

- Having a direct relation between producers and consumers, avoiding as much as possible intermediaries and speculators.

- Fair pricing that allows the producer and their family to lead a dignified life.
- "Everyone should be able to live from their work in a dignified way."
- In cases where producers are salaried, respecting working conditions that conform to the minimum international standards recommended either by the International Labour Organisation or the country itself, whichever are the greater, respecting the right to Union representation and prohibiting forced labour.
- The authorization of partial financing before the harvest (in the Fair-Trade movement, the minimum rate is 60%) if the producers so demand.
- The establishment of long-term contracts and relations, based on mutual respect and the respect of ethical values. The aim of these relations is not only a fair price but also sustainable development for groups of producers or wage earners.
- In some cases, Fair Trade organizations have also set up "Progress" criteria as well as minimum criteria.

The objectives of Fair Trade could be summed up as the following: Obtaining fairer prices and conditions for groups of small-scale producers . Developing trade practices in the direction of sustainability and social and environmental cost accountability. Raising awareness among consumers of their power to contribute to the development of fairer trade. Encouraging sustainable development and the expression of local culture and values within a context of cross-cultural dialogue.

Fair Trade attempts to increase responsibility among producers, who from their side must practice activities that are sustainable and open. The organizations that benefit must exercise internal democracy and be independent of all political parties and the church. They must attempt to find a balance between the local and export markets, whilst preserving nutritional security. The profits from Fair Trade must be shared out collectively, if possible, in local development (employment, health, transport, etc.). Women's participation must be considered.

Evidence of Success:

India is a booming economy and finding work is relatively easy as compared to a lot of other countries. Since the internet, the country has become a lot closer, and a lot of opportunities have opened for everybody. One of the best examples to start a business without investment is

starting a YouTube channel like Cooking, Nutrition, Ideas and tips, Health, Technology, Education, religion etc. Some of the students are getting income through maintaining YouTube channels, providing home tuition, and developing short films etc

The students were more interested in starting small businesses on their own. And they participated, showcased, and sold their products in the trade fairs organized at the college level by different departments and other colleges also. In the trade fairs, the students have showcased and sold their products like, “best from waste”, hair bands, handmade ornaments like bangles, earrings, and chains etc.

Obtaining fairer prices and conditions for groups of small-scale producers . Developing trade practices in the direction of sustainability and social and environmental cost accountability. Raising awareness among consumers of their power to contribute to the development of fairer trade. Encouraging sustainable development and the expression of local culture and values within a context of cross-cultural dialogue.

Problems Encountered and Resources required

Starting from nothing - Establishing a business and building a client base can be a long, tiring and at times frustrating process. It needs determination to succeed and perseverance, even if progress is slow. Unpredictable finances - income can be irregular, especially in the early days. It may take several months without earning a profit, and always must pay running costs such as rent, insurance and internet access.

To start any business, planning, finance, training, employees, customers, transportation, and business channels are required. The people must remember that there is an opportunity to get loans from government and banks to establish businesses.

Self-employment / Entrepreneurship, on the other hand, contributes directly to Gross National Product (GNP) and it has unique characteristics of ‘self-generation.’ Besides offering employment to others, every enterprise creates necessity for emergence of other economic activities related to services or supplies like transport, marketing, communication, etc. This initiates a chain of activities that creates unending opportunities for employment.

Course name :Sensor guided Robot

Robotics workshop is conducted to Physics students on 18th & 19 th of september 2018 with the association of Angel's Organisation, Chennai. Sky- fi labs run by IIT alumni,Kanpur Bangalore had trained students to impart the skills of mechanics , electronics involved to make robots.

Course Outline: Students are trained to develop using Arduinio programming with sensors

line follower Robot

obstacle follower robot

Obstacle Avider Robot

SYNOPSIS: Department of Physics and Electronics trains our Physics and Electronics students in developing Sensor guided robots in collaboration with Skyfi Labs, Bangalore. In this course, students will develop 3 different basic autonomous robots which are guided using sensors. The first robot will be a line follower which is programmed to follow a line. This robot detects the path using infra-red sensors which work on the principle of reflection of light. Using the same sensors, you will also develop robots that can avoid/follow obstacles or light.

Support:

The financial support from UGC autonomous funds made this dream true. A cheque of Rs . 49,500 is paid to the Skyfi Education Labs, Pvt. Ltd.

Respected Sir,

Sub: Permission for Computer systems along with Computer Lab to conduct Workshop on Robotics on 18th and 19th September 2018

With reference to the subject, we department of Physics and Electronics have taken permission to conduct workshop on Robotics on 18th & 19th September 2018 in our College with UGC Autonomous funds. We are collaborating with SkyfiLabs, Bangalore. They requested for 10 Computer Systems with High speed internet in Computer Lab itself, Smart board. So kindly direct the Computer Science Department to make the necessary arrangements to give the systems with internet and Windows 7.

Respected Sir,

Sub: Allotment and issue of check from UGC (Autonomous funds) to conduct Workshop on Robotics on 18th and 19th September 2018 and Projects with PCB formations in December 2018

With reference to the subject, we department of Physics and Electronics have taken permission to conduct workshop on Robotics on 18th & 19th September 2018 in our College with UGC Autonomous funds. We are collaborating with SkyfiLabs, Bangalore. A Venture by IIT Kanpur Alumni. Funded by The Chennai Angels.

Course Name: Sensor Guided Robot

Course Content: <https://www.skyfilabs.com/workshops/sensor-guided-autonomous-robot>

Duration: 2 days

"Certificate of Appreciation" to the student volunteers assisting in organizing the event
"Certificate of Completion" to all the students who successfully complete the workshop
"Certificate of Completion with Distinction" to the top performing participants in the workshop

All certificates are verified one with Unique Identification Number and every participants can verify the certification at http://www.skyfilabs.com/verify_certificate

The Communications from Skyfi Labs, Objective and outcome of the project are attached to this letter. The workshop enables our student to create robotic projects and PCB based projects which carry marks in their internal assessments. Main aim of the Workshop is to give " Hands on " experience to our students in creation of Projects and lead them to skill based learning.

We need an amount of Rs.50,000/- to conduct the two workshops. So kindly direct the UGC Finance committee to arrange the check to conduct the workshop success fully.

Learning outcome:

Hands-on experience to students in creation of line follower Robot, obstacle avoiding Robot, obstacle follower robot using Arduino coding. This leads them to skill based learning.

Students understand the structure and programming of microcontrollers and the techniques.

By using the same sensors and Learners enjoyed changing the programme logic using the same sensor and how the function of Robot be modified .

Student participants come up with new ideas for further improvement of robots.

Impact:

The programme gave clear practical experience to students to understand the sensors and programming them with their own logic .

They got a way to opt Robotics as one of their career opportunities.

Hobbyists felt this course was fun with Knowledge.

Conclusion

Learners gave very positive feedback on and off this programme.

They got great satisfaction from designing their own robot with programming.

AIM & BACKGROUND OF THE WORKSHOP- A Foldscope is an optical microscope that can be assembled from simple components, including a sheet of paper and a lens. It was developed by Manu Prakash in the year 2011. It is a low-cost microscope and is a part of the "frugal science" movement which aims to make cheap and easy tools available for scientific use in the developing world. It is an affordable microscope that would be versatile and sturdy enough to work in field conditions. In October 2015, India's Department of Biotechnology announced a program to make Foldscopes available across India at 80 approved colleges and programs. It will be used as a teaching tool for students in biology, chemistry and physics. By creating awareness about the foldscope to faculty and students it will be useful in doing their project works. It is used in identification diseases causing agents on study of plant pathology, disease

diagnosis in findings about the microorganisms they observe in their local environment and hope to find more organisms that could provide clues about how to build new tools that take advantage of these organisms' natural abilities. It can be used for both the simplest observations and for thorough scientific studies, and all places in between.

9. TARGET AUDIENCE/PARTICIPANTS WITH EXPECTED NUMBER:

1. Faculties from different Departments of Life Sciences –Botany , Zoology
Biochemistry, Microbiology-50
2. Students of BZC and MBBC group belonging to I,II,III years -100

10. DETAILS OF SESSIONS:

Inauguration-	10.00 - 1.00 am
Tea Break	11.00 - 11.30 am
Workshop on Foldscope session-I:	11.30 - 1.00 pm
Lunch Break	1.00 - 2.00 pm
Workshop on Foldscope session-II:	2.00 - 3.30 pm
Tea Break	3.30 - 4.00 pm
Valedictory	4.00 - 5.00 pm

11. NAME OF RESOURCE PERSONS:

DR.CH.TULASI MASTANAMMA
ASSOCIATE PROFESSOR
GOVERNMENT DEGREE COLLEGE FOR (W)
GUNTUR

12.. EXPECTED OUTCOME:

1. Faculties of different departments- Zoology, Botany, Biochemistry, Microbiology will be able to learn the importance of foldscope.
2. They will be able help the students in assembling of the foldscopes at their native colleges
3. They can guide their students in project works by using foldscopes.
4. They may be able to identify the micro organisms present in their surround environment.
5. the students will be able to appreciate the importance of foldscope and they can develop the habit of keen observation and thus inculcate the interest in research .

8. **DETAILED PROPOSAL OF THE ACTIVITY**

AIM & BACKGROUND OF THE WORKSHOP- A Foldscope is an optical microscope that can be assembled from simple components, including a sheet of paper and a lens. It was developed by Manu Prakash in the year 2011. It is a low-cost microscope and is a part of the "frugal science" movement which aims to make cheap and easy tools available for scientific use in the developing world. It is an affordable microscope that would be versatile and sturdy enough to work in field conditions. In October 2015, India's Department of Biotechnology announced a program to make Foldscopes available across India at 80 approved colleges and programs. It will be used as a teaching tool for students in biology, chemistry and physics. By creating awareness about the foldscope to faculty and students it will be useful in doing their project works. It is used in identification diseases causing agents on study of plant pathology, disease

FEEDBACK FORM OF THE WORKSHOP

1. Name of the workshop: **One Day National Workshop FOLDSCOPE-ASSEMBLY & USAGE**
2. Date of the workshop: **04/10/2018**
3. Name of the departments organized: **Zoology, Botany, Biochemistry and Microbiology.**
4. Name of the Convenor: **Dr.M.VIJAYA KUMAR**
LECTURER IN ZOOLOGY
5. Venue: **SRR & CVR Government Degree College-
Inauguration and Valedictory in Seminar Hall- 208
Workshop in Botany Lab-1 & 2**
6. Total numbers of participants attended:
Faculties from different Colleges: 30
Students: BZC & MBBC students -100
7. Total amount sanctioned: **Rs 15000/-**
8. Total expenditure incurred in conducting the Activity: **Rs 15000/-**
9. Technpological/ academic benefits generated by conducting this Activity.
 - a. A Foldscope is an optical microscope that can be assembled from simple components, including a sheet of paper and a lens. It is very useful to faculty and students
 - b. It is a low-cost microscope and is a part of the "frugal science" movement which aims to make cheap and easy tools available for scientific use in the developing world, So this type of foldscopes can be easily purchasable.
 - c. It is an affordable microscope that would be versatile and sturdy enough to work in field conditions.
 - d. Since this foldscope is supported by the Department of Biotechnology ,these Foldscopes can be easily be available across India.
 - e. It will be used as a teaching tool for students in biology, chemistry and physics.
 - f. By creating awareness about the foldscope to faculty and students it will be useful in doing their project works.
 - g. It is used in identification diseases causing agents on study of plant pathology, disease diagnosis in findings about the microorganisms they observe in their local environment and hope to find more organisms that could provide clues about how to build new tools that take advantage of these organisms' natural abilities.
 - h. It can be used for both the simplest observations and for thorough scientific studies, and all places in between.
 - i. Faculties of different departments- Zoology, Botany, Biochemistry, Microbiology will be able to learn the importance of foldscope.
 - j. They will be able help the students in assembling of the foldscopes at their native colleges
 - k. They can guide their students in project works by using foldscopes.
 - l. They may be able to identify the micro organisms present in their surround environment.
 - m. The students will be able to appreciate the importance of foldscope and they can develop the habit of keen observation and thus inculcate the interest in research.

కళాశాల చరిత్ర

1937 సంవత్సరంలో స్థాపించిన ఈ కళాశాల విజయవాడ నగరంలోనే మొట్టమొదటి కళాశాల. ఈ కళాశాలకు సూజీమీదు జమీందారు శ్రీ రాజా రంగయ్యప్పారావు గారు స్వలాన్ని సమకూర్చగా, విజయవాడలో ప్రముఖ వ్యాపారవేత్త శ్రీ చుండూరు వెంకటరెడ్డి గారు భవనాలను కట్టించారు.

కవినపూట్ విశ్వనాథ సత్యనారాయణ గారు, శ్రీ అందవీధి సత్యనారాయణగారు వంటి ఎందరో ప్రముఖులు అధ్యాపకులుగా పనిచేసిన ఈ కళాశాలలో చదువుకున్న విద్యార్థులు ఎంతోమంది ప్రయోజకులై ఆయారంగాలలో ఉన్నత స్థానాలకు చేరుకున్నారు. అందులో భారతీయ వెండితెరపై మరపుదాని ముహూర్త పాత్రలు ధరించి సినీ ప్రపంచంలో తనదైన ముద్రవేసిన మహానటుడు మన రాష్ట్ర ముఖ్యమంత్రి నటరత్న, పద్మశ్రీ డాక్టర్ పి.ఎస్.రామమోహనరావు, బి.వి.ఎస్.గారు, వి. రామారావు గారు, సంగీతరత్న శ్రీ పెమ్మరాజు సూర్యారావు గారు, ప్రసిద్ధ భాషా శాస్త్రవేత్త ఆచార్య పరిమి రామనరసింహం గారు, హాస్యవిఖ్యా అంధ్యాల గారు, తెలుగు సినిమా పాటుకు జాతీయ బహుమతి సాధించిన సినీనటులవలె మూర్తి డాక్టర్ వేటూరి సుందరరామమూర్తి గారు, పద్మశ్రీ కోట శ్రీనివాసరావు గారు, కేంద్ర సాహిత్య అకాడమీ బహుమతి గ్రహీత పెద్దిభోజి సుబ్బారాయుడు గారు మొదలైనవారు కొందరు మాత్రమే.

ఖరీదైన విద్యను నామమాత్రపు ప్రభుత్వ ఫీజులతో అందరికీ నాణ్యమైన విద్యను అందిస్తూ అందునా పేద విద్యార్థులకు పెద్ద డిక్కుగా ఉన్న ఈ కళాశాల ఆంధ్రప్రదేశ్ రాష్ట్ర సూతన రాజధాని అయిన అమరావతి నగరానికి ఆతి సమీపంలో ఉన్న ప్రాచీన ప్రతిష్టాత్మక ప్రధాన ప్రభుత్వకళాశాల.

బి.ఎ., బి.కాం, బి.యస్సీ, బి.బి.ఎ. వంటి డిగ్రీ కోర్సులు ఎం.ఎ (సోషల్ సైన్సు, ఆంగ్లం, మనస్సత్య శాస్త్రం, అర్థశాస్త్రం), ఎం.కాం., ఎం.ఎస్సీ. (గణితం, రసాయనశాస్త్రం, వృక్షశాస్త్రం) వంటి పీజీ కోర్సులతో పాటుగా విద్యార్థులకు ఎన్నో ఉపాధి అవకాశాలను కల్పించే డ్రెంచి, అరబిక్, భాషలలోనూ లలిత సంగీతం, హిందూస్తానీ తబలా, కీబోర్డు, గిటారు మొదలైన లలిత సంగీత అంశాలలోనూ సర్టిఫికేట్ కోర్సులు నిర్వహిస్తున్న విద్యార్థుల సర్వతోముఖాభివృద్ధికి అవకాశం కృషిచేస్తున్న ఈ కళాశాల పేద విద్యార్థులలో ఎన్నెన్నో ప్రతిభావంతులను పుట్టి చేసుకున్నది. కళాశాలలో బి.ఏ.(ఉర్దూ మీడియం) గత విద్యాసంవత్సరంలో ప్రారంభం కాగా అఖిలభారత సేవల సాధన లక్ష్యాంగా బిఏ (ఎంబి) కోర్సు ఈ సంవత్సరం ప్రారంభించుట విశేషం.

వారణాసి వారి గేయకవితా వైభవం

వారణాసి రామసుబ్బారావు, వెంకటనరసమ్మ పుణ్య దంపతులకు ది. 01-05-1940లో తూర్పుగోదావరి జిల్లాలోని ఏనుగులమహల్లో జన్మించిన శ్రీ వారణాసి వెంకట్రావు గారు పోస్టల్ డిపార్టుమెంటులో సూపర్వైజర్లుగా పనిచేసే పదవీవిరమణ చేశారు. గేయకవిత్య రచన వారి ప్రవృత్తి. బాలల గేయాలు, దివ్యగీతాలు, ప్రకృతి గీతాలు, సవ్యసమాజ గీతాలు, నైశ్చల్య సందేశ గీతాలు ప్రజయరసాత్మక యుగగళిగాలు మొదలైన ఎన్నో నైవిద్యభరిత లలితగీత రచనలతో ఆబాలగోపాలిన్లు అలరించే ప్రతిభ వారి సొంతం. భక్తిరసస్పీకర అంశాలతోపాటు స్ఫూర్తిదాయక సామాజిక అంశాలతో కూడిన ప్రబోధాత్మక స్వత్యరూపకరచనలు వీరి ప్రత్యేకతలు. 'భావకవితామహాళి' బిరుదుతో వారు ప్రసిద్ధులు.

బదు దశాబ్దాల భావగేయకవిత్యరచనాప్రస్థానంలో ఆకాశవాణిలో కవితా గుర్తింపు పొందిన వీరు కవినపూట్ విశ్వనాథ, కరుణశ్రీ జంధ్యాల, ఆచార్య జివిఎస్, ఆచార్య సివారి వంటి ఎంతోమంది ప్రముఖుల ప్రశంసలు పొందారు. గేయరచనతో పాటు ఆ గేయభావాలకు అనుగుణమైన స్వరాలను కూడా సమకూర్చి సిడిలు, డివిడి రూపంలో విడుదల చేయటం విశేషం. ఈ గీతాలను శ్రీ ఎస్.పి. బాలసుబ్రహ్మణ్యం, శ్రీ తిరుపతి త్యాగరాజు, శ్రీ పార్థసారథి వంటి ప్రముఖ గాయకులు ఆలపించారు.

వారణాసివారు రచించిన గీతాలలో ముద్రణలో దొరుకుతున్న గ్రంథాలు 1) కోయలవారిని కొమ్ము (134 గేయాలు) 2) వూణాపుష్పాలు (57 గేయాలు) 3) గేయనికుంజం (108 గేయాలు, స్వత్యరూపకాలు) 4) వసంతపల్లరి (76 గేయాలు).

వారణాసి వారి గీతాలు లలితభావ బంధురాలు. మృదుమధురభావాలకు లలితమైన అలతి అలతి వదల ప్రయోగాలు బంగారాసి తావి అద్భుతమైన ఉంటాయి. దానికి తోడు క్రుతి సుభగమ్మ కాళయలలకు ఒదిగిపోయే సడత. వెరసి వారి గేయాలు లలితభావయలల శ్రీవేదీ సంగమంలా అపూర్వంగా భాసిస్తాయి.

మచ్చుకు కొన్ని ఉదాహరణలు

- పున్నమినాటి - "ఆకాసమ్మును మల్లెతీట - కోసి పూసిన పూరాశి"
- చందమామ - "యుగమేదైనా మగువ కన్నీటి తడవని పుటగల పుస్తకం కలదా"
- వరకల్పనమనస్ - "సూర్యోదయం - "తూర్పు జలధి కావతిలల పైడికొండ పగిలినటుల సూర్యోదయం"
- సూర్యోదయం - "కరములెత్తి తవము చేయి తరుల శిరములు తడిసిపోయినా"

'వారణాసి వారి గేయ కవితా వైభవం' సదస్సు

మాచవరం, న్యూస్ టుడే: మాచవరంలోని ఎస్కార్లర్ ఆండ్ సివిల్ ప్రభుత్వ డిగ్రీ కళాశాల తెలుగు విభాగం ఆధ్వర్యంలో 'వారణాసి వారి గేయ కవితా వైభవం' రాష్ట్ర స్థాయి సదస్సును ఐదవారం కళాశాల ప్రాంగణంలో నిర్వహించారు. ఈ సదస్సుకు ముఖ్యఅతిథిగా హాజరైన ఆంధ్ర అక్బర్ అకాడమీ ప్రధాన కార్యదర్శి గోళ్ల నారాయణరావు మాట్లాడుతూ ఒక కవికి తన కవితల విశేషాలు సదస్సు వేదికగా ప్రత్యక్షంగా వినడం సాహిత్య కార్యక్రమాల్లో అపూర్వమైనదన్నారు. ఇటువంటి పుట్టానికి ఎస్కార్లర్ ఆండ్ సివిల్ ప్రభుత్వ కళాశాలను వేదికగా నిర్వహించిన కళాశాల ప్రధానాధికారి డాక్టర్ జోషి, అధ్యాపకులు ఆచరించినయ్యలన్నారు. విశిష్ట అతిథిగా విచ్చేసిన ప్రముఖ సంగీత విద్వాంసుడు మోదుమూడి సుధాకర్ మాట్లాడుతూ వారణాసి వారి గేయ కవితల్లోని సంగీత లక్షణాలను వివరించారు.

సంగీతం అవిష్కరిస్తున్న గోళ్ల నారాయణరావు, మోదుమూడి సుధాకర్, డాక్టర్ మన్మథరావు, తదితరులు

రాష్ట్ర అవిష్కరించారు. అనంతరం అరిగిన సాంకేతిక సదస్సులో డాక్టర్ మన్మథరావు, రవికుమార్, పేర్లి లాను, బేతపాడి సుబ్బారావు, రాజీ చక్రవర్తి వంటి వారితో పాటు కళాశాల విద్యార్థులు పాల్గొన్నారు. సదస్సుకు హిందీ విభాగాధిపతి డాక్టర్ వి.మోహనరావు అధ్యక్షత వహించగా, పార్వతీ మానవత్రిక సంపాదకుడు వసంతి కవలామ కృష్ణ, తెలుగు అధ్యాపకులు డాక్టర్ కె.బాలకృష్ణ, డాక్టర్ కె.ఆర్.జే. శేషకుమార్, డాక్టర్ ఎం.దేవానందకుమార్, శ్రీకాంత్, తదితరులు పాల్గొన్నారు.

డాక్టర్ గుమ్మా సాయికివ రాష్ట్ర వారణాసి వారి గేయ కవితల్లోని విశేషాలను సోదాహరణంగా వివరించారు. అనంతరం వారణాసి వారిని మనంగా సన్మానించారు. ఈ సందర్భంగా వారణాసి వారి గేయ కవితా వైభవం అనే ప్రత్యేక సంగీతం ముఖ్య అతిథి గోళ్ల నారాయణరావు అవిష్కరించారు. అనంతరం అరిగిన సాంకేతిక సదస్సులో డాక్టర్ మన్మథరావు, రవికుమార్, పేర్లి లాను, బేతపాడి సుబ్బారావు, రాజీ చక్రవర్తి వంటి వారితో పాటు కళాశాల విద్యార్థులు పాల్గొన్నారు. సదస్సుకు హిందీ విభాగాధిపతి డాక్టర్ వి.మోహనరావు అధ్యక్షత వహించగా, పార్వతీ మానవత్రిక సంపాదకుడు వసంతి కవలామ కృష్ణ, తెలుగు అధ్యాపకులు డాక్టర్ కె.బాలకృష్ణ, డాక్టర్ కె.ఆర్.జే. శేషకుమార్, డాక్టర్ ఎం.దేవానందకుమార్, శ్రీకాంత్, తదితరులు పాల్గొన్నారు.

Department of Chemistry

Two Day National Seminar

on Recent trends in Chemistry and Physics of materials

On 15th & 16th September

Dept. of Chemistry in collaboration with dept. of Physics organized a two-day National Seminar titled '*Recent Trends in Chemistry & Physics of Materials (RTCPM – 2017)*' on 15th and 16th September 2017 sponsored by UGC-SERO, Hyderabad. The programme is conducted under the Chairmanship of **Dr. Velaga Joshi**, Principal, SRR & CVR GDC(A), Vijayawada. **Dr. G. Nagarjuna**, (convenor) Lecturer in Chemistry and **Dr. T.V. Rambabu** (co-convenor), Dept. of Physics coordinated the seminar.

It was sanctioned by the Rc. No. F.No. : SEM-2708/16-17/GEN (UGC-SERO) Link No. 2708, UNIQUID: APKR00008443 Dated 7th February, 2017. Amount sanctioned is Rs.1,25,000. Total 324 Faculty member and 550 Students are attended and 142 papers are submitted and 17 posters were presented.

Being an oldest and largest depts, in college, Chemistry & Physics depts. has taken the privilege to conduct this national seminar in order to inculcate the research aptitude. It provided a national platform, where all the recent methodologies of materials discussed. Undoubtedly this seminar directed all the stakeholders of our college to upgrade their knowledge and created an interest in research.

NATIONAL SEMINAR - Programme details

❖ Theme of the programme:

THEME OF THE SEMINAR

The aim of the seminar is to provide vibrant understanding about all aspects of Advanced Materials & Materials Science viz., fundamental concepts, various synthesis/preparation approaches, and characterization techniques. It also covers development of new materials and modification of properties of materials suits to numerous technological applications that are gaining importance. There is lot of scope in preparing new materials by selective methods for various applications including optical, thermal, mechanical and electrical applications. It provides a common platform for scientists, academicians and young research scholars working in the fields of basic as well as applied sciences – Physics, Chemistry, Biology, Engineering and Materials Science. It also provides an opportunity to exchange knowledge and ideas with top-level scientists, eminent professors and open new network for future collaboration works. This conference will help the participants to update the knowledge and give an exposure to some of the latest developments in the field of advanced materials. It also provides healthy competition among the researchers to bring out their skills, competences and transform their findings for the promotion of industrial growth. Hoping this conference shall be to strengthen the scientific and technological research, development and commercialization of value added products.

This meeting promises to be a great opportunity to review and expand our knowledge in the important field of advanced materials and will address the need for the exchange of scientific information among experts on various properties viz., spectroscopic, dielectric mechanical, thermal etc.

Objectives of the seminar

- To share valuable research experience of advanced materials.
- To promote collaboration in implementing national standards in research
- To establish network of scholars and scientists of national class
- To expose scholars and science students to have competencies related to their subject and their future professional development

❖ *Scope of the Programme:*

Scope of the Seminar

The focus of the seminar will be put on several aspects on the synthesis, characterization and applications of Advanced Materials. Topics include but not strictly limited to

- Carbon based materials
- Glasses & Glass ceramics
- Bio-materials
- Ceramic materials
- Photovoltaic materials
- Hybrid materials and Composites
- Materials for optoelectronics
- Super conducting materials
- Solar energy and materials for energy conversion
- Functional materials
- Nano-electronics
- Polymer nano-composites
- Fuel Cell materials and other electro-ceramics
- Thin Films & Surface Chemistry

About the College:
 SRR & CVR Government Degree College is the foremost college established in 1937 in Vijayawada. It was originally established by the munificence of Sri Raja Rangayya Appa Rao and Sri Chunduri Venkata Reddy. It is the only Government Degree College serving the socially and economically backward and other weaker sections, near the upcoming capital "Amaravathi" of newly formed Andhra Pradesh state. The Crest and Motto adopted by the college is "VIDYAA DHARMENA SOBHATE"

The college has glorious history of having intellectual stalwarts like first Jnanapita Awardee, Kavisamrat Sri Viswanadha Satyanarayana on the faculty. Among the luminaries, the college mentions with pride the names of Late Sri N.T. Rama Rao, former Chief Minister of Andhra Pradesh, P.S. Rama Mohana Rao Ex- Governor of Tamilnadu and Sri V. Rama Rao Ex-Governor of Sikkim.

College was accredited by NAAC twice and is in the process of waiting for autonomy result. The college is the nodal centre for the activities of CCE, A.P.

About the Chemistry Department
 Chemistry Dept. is one of the major departments of the College. It consists of both UG & PG Courses. It has the privilege of recognized Research Center by Krishna University. 4 members of department faculty have Ph D degrees and 2 members are undergoing FDP. Three members are recognized as Research Supervisors by Krishna University, JNTU Kakinada, and JNTU Anantapur.

Some of our department faculty members are acting as members of Board of Studies (BOS) of different autonomous colleges. Our department staff members published 22 papers in National Journals and 26 papers in International Journals.

Two students of the department were awarded M.Phil and four students are working for their Ph. D. Vibrant research is going on in the Dept. in the fields of Materials Science and Environmental Chemistry. Two Minor Research Projects sponsored by UGC are going on and One Project was completed.

Scope of the Seminar:
 The aim of the seminar is to provide vibrant understanding about all aspects of advanced materials & materials science viz., fundamental concepts, various synthesis preparation approaches, and characterization techniques. It also covers the development of new materials and modification of properties of materials to suit numerous technological applications that are gaining importance. We Invite
 ✚ Faculty from Academic Institutions
 ✚ Research Scholars from various Universities
 ✚ Young Students of M.Sc. Chemistry, Physics
 ✚ People from Industry and R&D Institutions

Call for papers:
 The participants are invited to contribute abstracts of the papers for oral presentation. Abstracts are in MS Word, Times new Roman font style 12 font size with 1.5 spacing not exceeding 300 words. The Title of the abstract should be in Bold (14 font size) followed by the names of the authors and affiliations in italics. Abstracts can be submitted through e-mail to rtecpm2016@gmail.com.

All the contributed papers would be peer reviewed and as per the recommendation of the reviewers, the papers will be consider for publication in a reputed journal with ISSN No.

❖ Invited Talks, Oral presentations & Poster presentations

15th September:

- **Chief Guest** of our programme, **Prof. G. Nageswara Rao, Vice-Chancellor of Andhra University**, Visakhapatnam was attended to the opening ceremony and delivered Key note address.
- **Honorary guest - Prof. N. Veeraiah**, Dept. of Physics, Coordinator, Research Cell, **Acharya Nagarjuna University** addressed the gathering.
- **Prof. P. Ramu Sridhar**, Associate Prof., School of Chemistry, University of Hyderabad and **Dr. G. Giri Babu**, Senior Scientist, **IICT**, Hyderabad delivered guest lectures.

16th September:

- Faculty and Scholars from various degree colleges and universities participated in oral presentations and delivered research talks.
- **Prof. V. Venkata Dasu**, Director, **IIT-Nuzvid**, Krishna Dist., and **Prof. M. Basaveswara Rao**, Dept. of Chemistry and Dean, BoS, Krishna University attended and delivered the talk in valedictory function.
- This National seminar benefited various stakeholders and hereby we are mentioning some of outcomes of our programme:

Outcomes of the seminar: for various stakeholders

- **College:** National seminar provided a good platform to the College to build a good network with professionals from Industry and Research centers and various academicians from various Universities and Colleges.
- **Faculty:** The faculty members learned various methodologies for research activity and they were motivated for publication of good research work.
- **Students:** The students were most benefited from this seminar. They were more enlightened about all aspects of advanced materials and materials Science viz., fundamental concepts, various synthesis preparation approaches, and characterization techniques.
- **Industry/Society:** The seminar addressed recent advancements and new strategies for development of new materials for global requirements with

an objective to install a dialogue between industries and academic organizations and knowledge transfer from research to industry.

Acknowledgments:

- ✚ We would like to thank Dr. Velaga Joshi, Principal, SRR and CVR GDC, Vijayawada, a dynamic leader who encouraged and supported us in all aspects ranging from release of amount to technical support.
- ✚ We extend our heartfelt thanks to Dr, Ramesh, Lecturer in Computer Science, for extending his technical support.
- ✚ Our special Thanks to all are colleague friends particularly in the depts. and in college, without their support, this could not be possible.
- ✚ Special and heartfelt thanks to all the Non-teaching and my dear students who has taken part for making this seminar a grand success.
