## 'Students should play key role in eradicating drugs'

**PNS ■ VIJAYAWADA**

NTR District Collector Dr S Dilli Rao has said that students should play a vital role to eradicate drug abuse, which is spoiling society. Students should try to bring about a change in the situation, he said.

The Collector was the chief guest at an awareness meeting held at the SRR & CVR Government Degree College organised by the Indian Red Cross Society, Red Ribbon Club, and NSS

units, here on Wednesday.

Speaking on the occasion, Dilli Rao said that if students became addicted to drugs, they wouldn't reach their targets and their life would be spoiled. The State government is making severe acts on drug use and implementing punishments for those who use drugs, he said.

He further said that the lack of a special concentration of parents on their children is the only reason for drug use. Parents are

under pressure from their day-to-day work and are unable to concentrate on children's habits, he said. Parents should be monitoring their children's behaviour and if they found any fault with them then they should make corrections, he added.

Meanwhile, he appealed to the Red Ribbon and NSS Units to eradicate drug abuse and should create awareness in the student community. If anybody found a student or youth

addicted to drugs, they should inform the Red Cross, Red Ribbon or NSS units. These organisation members would try to bring a change with counselling, he added.

Indian Red Cross Society district chairman Dr G Samaram, SRR & CVR Government Degree College Principal Dr K Bhagya Lakshmi, Red Cross Society College unit coordinator G Vijay Swaroop Singh, and others were present.

**AWARENESS PROGRAM ON ANEMIA & BLOOD DONATION**

**Organized by Department of Biochemistry & Chemistry**

Anaemia is a widespread condition characterized by a deficiency in red blood cells or haemoglobin, leading to reduced oxygen-carrying capacity in the blood. Recognizing the importance of raising awareness about anaemia and the significance of blood donation, the Department of Biochemistry, Department of food technology, took the initiative to organize an awareness program in coordination with chemistry department in S.R.R & C.V.R Govt. Degree College, Vijayawada. The program is in collaboration with Pinnamaneni Sidhradha Institute of Medical Sciences, Gannavaram, Vijayawada.

## Department of Biochemistry

SRR& CVR Government Degree College principal Dr. K. Bhagya Lakshmi, started the program in conference hall of the college by delivering the keynote address, emphasizing the importance of anaemia awareness and the significance of blood donation in saving lives.

**Principal delivering the key note address**

The event was jointly organized by the Biochemistry Department, lecturer Dr. Syed Vaziha Thaseen, and the Chemistry Department lecturer Dr. Sk. Beebi. Their efforts in coordinating the event ensured the active participation of students from both the departments.

Activities:

1. Complete Blood Picture (CBP) Check-up: More than 200 students and faculty members participated in the program and underwent free CBP tests. The CBP analysis provided valuable insights into participants' blood parameters, helping identify potential cases of anaemia or other blood-related disorders.

2. Blood Donation Drive: Dr. Jasmine Sultana and Dr. Chakravathy, along with their team, conducted a blood donation drive during the event. Approximately 20 individuals selflessly donated blood, contributing to the life-saving efforts of the local healthcare system.

3.

4. BMI and Blood Pressure Measurements: The Biochemistry students actively participated in the program by taking Body Mass Index (BMI) and blood pressure measurements from the participants. These assessments allowed for a broader understanding of the participants' overall health and potential risk factors.

### Conclusion:

The awareness program on anaemia and blood donation organized by department of Biochemistry and chemistry was a remarkable success. The collaboration between Pinnamaneni Sidhradha Institute of Medical Sciences and SRR& CVR Government Degree College highlighted the importance of community engagement and the potential to positively impact the health and well-being of society. Through their efforts, more than 200 individuals received essential CBP check-ups, and 20 life-saving blood donations were made. Such initiatives play a crucial role in spreading awareness and fostering a culture of altruism and responsible healthcare practices in students and related societies.

### Acknowledgments:

We thank our principal Dr. k. Bhagya Lakshmi madam, for giving permission to organise the program and We extend our sincere appreciation to Dr. Jasmine Sultana, Dr. Chakravathy, and all the
