This Memorandum of Understanding (MOU) sets for the terms and understanding between the **Green Waves Environmental Solutions** and for promoting zero waste management (recycle, upcycle of ewaste, plastic and solid waste).

Background

According to E-waste management act 2016, the disposal of e-waste had to take care by only authorized recyclers, in Andhra Pradesh. Green Waves Environmental Solutions Company deals with collection and dismantling of E waste with its innovative & environment friendly disposal practices. Green waves Environmental Solutions is the first authorized e-waste collection and handling unit in Andhra Pradesh recognize by Andhra Pradesh Pollution Control Board.

Purpose

This MOU is for collection and handling of all type waste in by Green Waves Environmental Solutions. We promote Zero waste management with VOE(Voice Of Environment)NGO as per the requirement. Zero Waste being sent to local municipality or the landfills. The primary aim of Zero Waste concept is to reduce waste sent to landfill area and there by promoting a HEALTHY ENVIRONMENT.

Creative Reuse's Waste upcycled household items by Green Waves Environmental Solutions.

- Green Waves Environmental Solutions had brought students together for working towards waste management by upcycling .
- Students are blessed with creative design of upcycling of waste.
- Green Waves Environmental Solutions will conduct classes with regards to upcycling of waste.
- It's a first of kind where a NGO (VOE) and GWES (Green Waves Environmental Solutions) joining hands together towards zero waste management through recycle and upcycle.
- VOE provides dry waste and GWES helps in upcycling of waste.

Upcycling isn't just the practice of transforming old materials into useable objects; it's the process of breathing a new lease of life into well used and loved items to give them a new story and personality. All this while at the same time creating something that is useful, beautiful.

Recycling is the process of taking waste, generally consumer materials – plastic, paper, metal or glass – breaking it down and turning it into a reusable product. Upcycling involves turning an unwanted product into a better quality product. The big idea is that items made from recycled materials can be even more desirable than the original products, which can only be a good thing for sustainable production with environmental consciousness.

Green waves environmental solutions design task up-cycling t-shirts, jeans into bags is going well. We collect waste and unused clothes from public and recycle into cloth bag. A green initiative from Green waves environmental solutions towards plastic free world.

Green wave's environmental solutions, we use our creative skills to revive, restore & repurpose to create individual pieces. We also offer an upcycling service. Decorative mat made out of waste single use Plastic polytene covers. We collect waste single use plastic covers, after that we wash it and dry it. We make the decorative mats in different size or in different shape.

They by join our hands towards less litter and single use plastic free world.

Annexure-A

Terms and conditions of authorization:

1. The e-waste collection centre shall comply with the provisions of the Environment (Protection) Act, 1986, and E-Waste (Management) Rules, 2016.
2. The application of this e-waste centre is processed based on the report submitted by Environmental Engineer, Regional Office, Visakhapatnam and the information furnished by the proponent.
3. The authorization shall be produced for inspection at the request of an officer authorized by the Andhra Pradesh Pollution Control Board while storage, transport and dismantling of e-waste.
4. The person / collection centre authorized shall not rent, lend, sell, transfer or otherwise transport the e-wastes without obtaining prior permission of the Board.
5. Any unauthorized change in personnel, equipment, working conditions as mentioned in the application by the person authorized shall constitute a breach of this authorization.
6. It is the duty of the authorized person to take prior permission of the Board to close down the operations.
7. An application for the renewal of this authorization shall be made, as laid down in sub-rule (VI) of rule 13(3), i.e. 120 days before the expiry of this authorization.
8. The collection centre shall provide / publish details such as address, telephone number / helpline number, e-mail, etc. of the collection centre to the general public.
9. The collection centre shall ensure that the e-waste collected by them is stored in a secured manner in the authorised premises till it is dismantled mechanically and to send residual waste to recycler.
10. The applicant shall take all necessary steps to avoid inconvenience to the neighbors.
11. The collection cum dismantling centre shall not carry out any recycling activity of e-waste.
12. The collection centre cum dismantling shall ensure that the collected waste is not stored for more than 180 days. The collection centre shall not collect any waste other than e-waste as mentioned at Schedule-I.
13. The collection cum dismantling centre shall ensure that no damage is caused to the environment during storage and dismantling of e-waste.
14. The collection centre cum dismantling shall preferably segregate e-waste into categories of "IT & TE" and "Consumer electrical and electronics" and shall store it in suitable racks /containers / bins. Height of the containers should be limited to 7 feet. Containers of appropriate size and shape shall be used for segregation of e-waste items to facilitate effective handling operations.
15. The shed area shall be covered and with impervious flooring.
16. The centre shall provide adequate facilities for handling/arresting leakages of compressor oils, CFCs / HCFCs in case of collection, storage and dismantling of goods like refrigerators and air conditioners.
17. The collection centre shall take care for proper packing of broken e-waste equipment during the storage, transportation, and dismantling.
18. The collection centre shall be secured with boundary wall and security personnel.
19. The proponent shall follow Rule No. 19 of E-Waste (Management) Rules, 2016 for transportation of e-waste.

20. The collection centre shall send the residual e-waste to M/s. Eco Recycling Limited., Mumbai (recycler) through authorized transporter as per the e-waste rules.
21. The collection centre shall maintain records of the e-waste handled in Form – 2 and make such records available for scrutiny by the Board.
22. The collection centre shall file annual returns in Form – 3 to the Board on or before the **30th day of June** following the financial year to which that return relates.
23. This authorization is issued subject to obtaining required permissions from local authority / Fire Safety Department and other relevant government departments, which are statutory requirement for carrying out the above activity.
24. The proponent shall comply with all the directions issued by the Board from time to time.
25. Concealing the factual data, submission of false information/fabricated data and failure to comply with any of the conditions mentioned in this authorization may result in withdrawal of this authorization and attract action under the provisions of relevant pollution control Acts.
26. The Board reserves its right to modify above conditions or stipulate any further conditions in the interest of environmental protection.
27. The Board is empowered to suspend or cancel the authorization in case of non compliance of conditions of the authorization or with any provisions of Environment (Protection) Act or e-waste Rules.
28. This order is issued without prejudice to the rights of this Board in any court of law.
